## Memorial Day Season Opened With Services

Civil War Organizations Be-  
gin Observance Of Oc-  
casions On Sunday

THREE SERVICES  
HELD SEPARATELY

Sunday Evening Memorial  
Service Conducted At  
First Christian  
Church

Once again, as Memorial Day  
nears, the various veterans and  
patriotic organizations of the city  
gathered Sunday to hold religious  
services in honor of the dead of the  
various wars, and of their own or-  
ganizations.

The annual Memorial sermon was  
delivered in the First Christian  
church last evening by Dr. G. S.  
Bennett, pastor of that congrega-  
tion.

The center section of the church  
was reserved for the veterans of the  
various wars, who with their auxil-  
iaries, and the Sons and Daughters  
of the Civil War veterans with the  
Ladies of the G. A. R. filled this sec-  
tion almost completely.

Points Out Three Crises  
Dr. Bennett pointed out three  
crises in our nation's history, all of  
which have brought new strength  
and vigor to this country.

The first of these was the struggle  
for unity and equality, which was  
represented by the Civil War; and  
last, the struggle for justice and  
democracy, for which the Spanish-  
American and World Wars, were  
fought.

"It is fitting that we should gather  
once a year to honor those who have  
died for their country, as well as  
those who are still living," Dr. Ben-  
nett stated.

"Every nation has had monuments  
to the great events in the history of  
their country. Archeologists are  
continuing to find them in the ruins  
of ancient civilizations. Monuments,  
however, have a tendency to decay  
and crumble, and the only eternal  
ones are those written and engraved  
on the hearts of men. The greatness  
of Christianity is due to the fact  
that it is written on the hearts of  
men."

Day Will Last  
"And so with Memorial Day. Long

## PA NEWS OBSERVES

Dear Pa News:—  
J. T. Beaulieu of Fairfield avenue,  
told me of the Wilson's snipe that  
he saw at the end of Highland  
avenue last week. He inquired as  
to the habits of this bird and why it  
should be found so close to the city.  
The Wilson's snipe activity is done  
mostly at night where it can be  
found near the waters edge probing  
in the soft ground for snails and  
grubs. No doubt the Wilson's snipes  
that Mr. Beaulieu noted, has just  
arrived in this territory and were  
hunting for feeding grounds, as they  
migrate from their winter territory  
the last of May.

## Miss Fisher Wins High National Piano Honor

Miss Dorothy Fisher, gifted Senior  
high school pianist and Penn-  
sylvania's representative in the  
national contest of high school  
pianists at Ottawa, Kansas, on Sat-  
urday, came home last night the  
winner of the highest distinction the  
national meet has to offer.

Miss Fisher shared renown with  
several other pianists who were se-  
lected with her to play in the Class  
1 events of the contest. There was  
no competition to decide the best  
player of the different groups.

According to Mrs. Abe Fisher,  
mother of the pianist, who accom-  
panied her daughter west, the  
national meets are conducted on an  
entirely different plan than are the  
state meets. So far as pianists go,  
judges hear the entrants and then  
rate them in groups as to the qual-  
ity of their playing.

Planists In Groups  
Twenty-seven pianists from all  
parts of the country played in five  
groups, classified as follows: Class  
1, highly superior; Class 2, superior;  
Class 3, excellent; Class 4, good, and

## Tin Mill Appreciation Day At Monessen Draws Huge Throng

(Special To The News)  
MONESSEN, May 28.—Gratitude  
of the residents of Monessen, for the  
part the American Sheet and Tin  
Plate Company has played in the  
prosperity of that city during the  
past year, was displayed on Satur-  
day, when a gigantic celebration,  
attended by 30,000 persons, marked  
the first "Tin Mill Appreciation  
Day" ever held here, and the first  
celebration of its kind in Western  
Pennsylvania.

The big National Works of the  
American Sheet and Tin Plate  
Company stood in mute silence for  
the day, every operation at a stand-  
still, while mill workers, business  
men, and visitors joined in a de-  
serving tribute to the industry  
which brought back prosperity to  
the Monessen community.

City Is Decorated  
The city was profusely decorated  
with American flags and tin, and a  
huge parade, which lasted over an  
hour, containing fully decorated  
automobiles and many marchers ad-  
ded color to the celebration. It was  
a profound expression of gratitude  
on the part of the citizens of  
Monessen.

The Chamber of Commerce, mer-  
chants, and various groups of busi-  
ness and professional men of the  
city joined with Mayor James C.  
Gold, in making the event one which  
will stand out in the history of the  
city.

With many preliminaries during  
the morning, which included races  
and events for the children starting  
at 9:30, followed by drills by the  
Sokol organizations of Monessen and  
the Monongahela Valley, and a  
baseball game, the main program  
got under way at 2 o'clock in the  
afternoon.

Headed by Mayor Gold, and  
members of council, with visiting  
burgesses and mayors of surround-  
ing communities, including Mayor

parade traversed the main streets  
of the city, and was witnessed by  
30,000 people.

## Serve Notice On Debtor Nations

United States Formally No-

Of Debt Due June 15

ROOSEVELT HAS  
REMAINED FIRM

By HARRY K. REYNOLDS  
International News Service Staff  
Correspondent  
LONDON, May 28.—President  
Roosevelt has flatly notified debtor  
nations of the United States that  
they must pay installments due on  
June 15 or accept the stigma of de-  
faulting on honorable obligations.

This, International News Service  
learned today, is the substance of  
the report the British cabinet will  
hear Wednesday of the result of the  
conversations between Sir Ronald  
Lindsay, British ambassador to  
Washington, and President Roose-  
velt.

Roosevelt Is Firm.  
All indications here are that de-  
spite a terrific European official and  
press barrage, Roosevelt has not  
budded a single inch and has ac-  
cepted the Johnson bill, passed by con-  
gress, barring the flotation of loans  
in the United States by defaulting  
nations, for exactly what it is worth.

## Hope To Adjourn Congress Session Early Next Month

Six Point Major Legislative  
Program Is Laid Down  
By Leaders

HOPE TO END  
SESSIONS JUNE 9

President Desires Adjourn-  
ment Before Foreign  
Debt Payments  
Are Due

WASHINGTON, May 28.—A  
six-point major legislative pro-  
gram was laid down by adminis-  
tration leaders today in the  
hope of adjourning congress by  
June 9.

The program consisted of the  
President's Reciprocal Tariff bill,  
the new Silver Remonetization bill,  
the Wagner Labor Disputes bill, the  
New Stock Market measure, the ad-  
ministration's loan to industry bill  
and the billion-dollar-relief approp-  
riation. All other measures, if  
controversial, apparently will be  
abandoned.

Seeks Adjournment

The leaders indicated the Presi-  
dent desires congress to adjourn be-  
fore the foreign debt installments  
fall due June 15. With all the  
work and a third of the senate fac-  
ing elections this fall, most of the  
members also want to go home.

The new tariff act, giving the  
President power to slash import  
duties as an incentive to the nego-  
tiation of trade expansion agree-  
ments with foreign governments,  
was scheduled to pass the senate  
this week.

The silver bill is next on the  
program. It has the President's  
endorsement and will start through  
the house this week.

## Candidates For Naturalization Being Heard

Fifty-Six Are Seeking Second  
Papers, Preliminary  
Exams Recently

Naturalization court is being held  
today with Judge R. L. Hildebrand  
presiding. Milton Buschek, from the  
Naturalization department at Pitts-  
burgh, is doing the questioning.

There are fifty-six candidates for  
second papers, the preliminary ex-  
aminations having been held some  
time ago.

Considerable stress is laid by the  
examiner as to whether or not the  
applicant belongs to any radical or  
un-American organizations, such as  
Socialist or communistic. None of these  
were up for examination admitted  
to belonging to any of these or-  
ganizations.

Another question which is asked  
all of the applicants is whether or  
not they have ever been arrested and  
if so, what for. Other questions per-  
tain to the different branches of the  
national, state and local govern-  
ment.

Each applicant is accompanied by  
two witnesses who must vouch for  
his good reputation.

## NEWS BRIEFS

POLAND WILL NOT PAY  
WARSAW, May 28.—Poland will  
not pay the June 15 installment of  
her debt to the United States, it  
was announced today.  
It was not learned immediately  
whether a "token" payment would  
be offered.

WILL RESUME FLIGHT  
LONDON, May 28.—Cesare Sabelli  
and Captain George Pond, who flew  
from New York to Ireland in the  
plane "Leonardo Da Vinci", expect  
to continue their flight to Rome  
within two or three days and then  
fly back to New York. A. Carlson,  
expert on aviation motors, arrived  
from Amsterdam today to direct re-  
pairs on their engine.

THIRTEEN LOSE LIVES  
BORDEAUX, France, May 28.—Thir-  
teen persons were burned to death  
today near here when a bus carrying  
tourists from Spain crashed against  
a pole and burst into flames. The  
doors jammed and only four of the  
passengers could extricate them-  
selves.

## Johnson Bronze Employees Strike

Union Recognition And  
Check Off System Are  
Demanded

STATEMENTS MADE  
BY BOTH SIDES

Failing to secure recognition of  
Local number 2 of the International  
Brotherhood of Foundry Employees  
and the establishment of the check-  
off system, employees of the Johnson  
Bronze Company went on strike to-  
day. Picket lines were established at  
midnight on Sunday and the plant  
is being picketed continuously by  
striking workers.

For some weeks the work of or-  
ganizing employees under the ban-  
ner of the I. B. F. E. has been go-  
ing on. On Friday a request for a  
meeting was made with an ultima-  
tum that unless certain demands  
were met by Saturday noon the  
employees would declare an extend-  
ed holiday. P. J. Flaherty, president  
of the company was in Detroit.  
Mich. at the time and on Saturday  
wired the employees asking that a  
reasonable time be given until he  
could work out the details of some  
contracts he was endeavoring to land.

## WILL ROGERS says:

(Special To The News)  
SANTA MONICA, Cal., May 28.—Well, there is two French-  
men, trying to fly direct from  
France to California. Let's hope  
and pray they make it. New  
York is liable to find itself off  
the U. S.-France highway.

And that train that went  
from Denver to Chicago at 78  
miles an hour, that's the biggest  
news that we had in transpor-  
tation in years. If railroads  
hadn't woken up before, they  
wouldn't be so far behind to-  
day. Faster time than this was  
made 30 years ago by a train,  
but nothing was ever done about  
it.

They have done nothing since  
then but sell stock instead of  
speed.

Undercurrent Of Strife And

GENEVA, May 28.—Under-  
currents of strife and diploma-  
tic intrigue swirled about the  
much-buffed world disarmament  
conference today as it  
prepared to convene for what  
many believe will be its "death  
bed" session.

Frantic conferences were being  
held between leaders hopeful of pro-  
ducing some solution and keeping  
the conference at least technically  
alive. As yet, however, no formula  
even remotely acceptable to the  
powers has emerged.

Seeks To Keep Conference Alive.  
Norman W. Davis, President  
Roosevelt's roving ambassador and  
disarmament envoy, was active in  
an effort to keep the conference  
alive. He conferred today with Sir  
John Simon, British foreign minis-  
ter and last night held a long con-  
ference with Arthur Henderson,  
president of the conference.

The bureau, or steering commit-  
tee, was scheduled to meet this  
morning but postponed the session  
until this afternoon. The general  
commission will meet tomorrow.  
It is at tomorrow's meeting that

NEW YORK, May 28.—  
Paul Codos and Maurice  
Rossi, French trans-Atlantic  
fliers, will land at Floyd  
Bennett airport here this af-  
ternoon, officials of the field  
were notified shortly after  
noon by the commander of the  
third naval district.

A radio message from the  
Frenchmen was intercepted by  
the commander of the U.  
S. fleet, it was announced,  
who relayed it to local navy  
offices.

The message stated Codos and  
Rossi would land at Floyd Bennett  
but did not state what time they ex-  
pected to arrive nor did it give their  
present position.

The fliers themselves made known  
their plans definitely in a wireless

# FIRST MIDNIGHT EXECUTION TAKES PLACE

## Slayer Dies At Rockview

Philadelphia Man Is First To Die Under New State Program

**HAD COMMITTED NUMBER OF CRIMES**

(International News Service) BELLEFONTE, Pa., May 28—Charles Walker, Philadelphia negro slayer, went to his death in the electric chair at Rockview Penitentiary at 12:33 a. m. today, thus becoming the first doomed man to die at the new early hour of execution fixed at the prison.

Executions had been carried out at 7 o'clock in the morning for the past 21 years since the electric chair was constructed but, when Stanley P. Ashe last week changed the time to 12:30 in the morning.

Accompanied by the Rev. C. F. Lauer, the prison chaplain, Walker went to his death emotionless and silent. He was found guilty of slaying the throat of his landlady, sweetheart in Philadelphia December 6, 1932. The state supreme court denied him a new trial and the pardon board refused him clemency.

Supported by chaplain Lauer, Walker's lips mumbled a prayer while the chaplain read the 23rd Psalm.

He went to the chair at 12:33 a. m. (EST), received one long, continuous contact a minute later and was pronounced dead by Dr. J. B. Priestly at 12:38 a. m.

Silence prevailed throughout the prison during the execution. Governor Gifford Pinchot had granted Walker a respite from April 30 to May 28 to permit a review of his case May 16 by the state board of pardons.

At his trial, Walker's brother testified to meeting "Charlie" leaving the room of the woman with a razor in his hand, and that the doomed man had said he was willing to spend the rest of his life in jail for the pleasure of killing her.

Walker was first arrested at 17 in 1920 for slaying two negroes, pleaded guilty to murdering one and was convicted of second degree murder for the death of the other. Paroled in April 1932, he committed the crime that sealed his doom eight months later.

Union of their union and the establishment of the checkoff system. This system calls for the deduction of union dues from the pay of the employees, by the company, the dues to be turned over to the union treasurer.

In stating their position in the strike, Charles L. Doerr, president of Local 2 of the I. B. of F. E. said today "the employees of the Johnson Bronze Company wish to inform the public that they have not made any unfair demands and are willing to meet the company representatives at any time."

"We are demanding union recognition and the right to bargain collectively which is our right under Section 7-A of the National Industrial Act."

**Willing To Meet Men**

For the Johnson Bronze Company P. J. Flaherty denied that they had violated any section of the NRA code and said, "the men elected representatives of last August in an Employees Representative Association. We met them and are willing to meet any group of employees at any time who represent men in our employ. The strike was called while I was in Detroit, Mich. endeavoring to close contracts, which insure the plant's operation for the next six months. We have abided by the

NRA code at all times and will continue to do so."

The strike today showed most of the employees out, with the exception of the office, the foreman and about a dozen employees who were willing to work. Mr. Flaherty stated that there were about 75 employees working, and the men on strike claim that most of these are men who were brought from the outside.

**Around 500 Employees**

There are approximately 525 employees at the plant over all, about 75 per cent of them being male. Pickets first made their appearance shortly before midnight. By six o'clock this morning there were probably 100 employees picketing and to work on the shift starting at seven o'clock. Some few went in to work, others turned away and in several cases men came back out of the plant after going in. There was no disturbance. Mayor Mayne called Chief Haven and a detail of officers were on duty but their duties were largely to keep the pickets moving.

**Seek Mediators**

For the union, the strike is being directed by President Charles L. Doerr, vice president James Blaine, secretary Sandy Dellaverson. In addition J. E. Roebuck an organizer of the I. B. of F. E. is here with the officers of the local.

Telegrams were sent today by the union officer to Secretary of Labor Charlotte Carr at Harrisburg and the Federal Conciliator at Pittsburgh.

Jewett was expected in early this afternoon to attempt mediation of the strike. An attempt was made to secure Miss M. Emmeline Pitt, conciliator in Pittsburgh, but she was out of the city.

**PREPARING FOR RESUMPTION OF GENEVA PARLEY**

(Continued From Page One)

the discord, now mostly subterranean, is expected to boil to the surface. Many delegates already have announced their intention to speak and some fiery utterances are anticipated.

**New U. S. Attitude.**

Davis, it was learned, will present a new American attitude. He will accentuate the need for control of the manufacture of arms and ammunition on arms shipments to belligerents. Previously the United States has consistently imposed reservations on these questions.

Davis also will oppose all rearmaments, it was expected, and insist on arms cuts.

The proposed mutual guarantee pact, which is the pet of Maxim Litvinoff, Soviet foreign commissar and Louis Barthou, French foreign minister, appeared to be the focus of attack. Belgium, long a docile ally of France, has joined Poland, it was learned, in opposing this Franco-Soviet scheme.

Paul Hymans, the Belgian minister, was determined, it was understood, to fight France's effort to checkmate German rearmament with what amounts to a military alliance with the Soviets, plus the Little Entente.

Poland already has taken a decisive stand against the proposed pact. Litvinoff, scenting failure, was reported to be preparing to tone down his audacious plan, which many interpreted as a scheme to have European allies guard the Soviet's European frontier while Russia settled her score with Japan in Asia.

Considerable interest was manifested in what attitude the United States will take toward the mutual guarantee pact but Davis has given no inkling of it.

Great Britain, it was learned, will take merely an observant attitude for the present, because of the political turn given the disarmament question by the Franco-Soviet scheme.

**MEMORIAL DAY SEASON OPENED WITH SERVICES**

(Continued From Page One)

after tablets of stone have crumbled, will we have Memorial Day, honoring those who have rendered a signal service to their country.

"Political independence cannot be secured overnight. The long struggle for independence the first great crisis, proved this. The memory of that great struggle still is strong within us. At the same time, this nation was fighting for religious independence, for which it had its birth."

"The struggle for Unity and Equality was the next great contest. In this country, when men were willing to fight and sacrifice that the unity of this nation might be preserved back in '61 and '65. The spirit of unity had been born long before this, however. It is sad to think it could not have been achieved without the shedding of blood. This was fought also that men might be free. The spirit of our constitution could not be carried out with slavery existing for some."

**Justice And Democracy**

"When justice and democracy were threatened in the days of the Spanish-American War, and the World War, we found millions of men who were ready to give their life blood so that smaller nations might have justice. We are democratic by nature and cannot conceive of domination at the hands of an emperor."

"In our present time, there is another great struggle being waged—one against poverty, and sorrow, and lust. We have come to know of late of the disappointment that have come to so many people."

"There is a patriotism of peace as well as of war. Everyone should recognize the call of the government to sacrifice for the welfare of his fellow man. There is no challenge today like the challenge to help feed, and clothe, and shelter the unfortunate ones. There is no brass band precedes us in this service. And yet, there are so many people who have been unwilling to give an hour of their time or a penny of their money in this service."

"Our country is the most beneficent one on the face of the earth. You and I should be willing to make some little sacrifice to carry out the will of the government. May we

all be willing to do our full share."

**Hold Water Service**

Preceding the services in the Christian church members of the different organizations gathered at the City Building and marched to the North Street bridge, where services were carried out in honor of those who died in the naval service of their country. This service was under the direction of the Ladies of the G. A. R.

Dr. C. B. Winger, pastor of the Central Presbyterian church, was the speaker on this occasion.

There is no Westminster Abbey or Memorial urn in this country, in which we enshrine our heroes. Dr. Winger asserted at this service. We enshrine our heroes in our hearts.

**Pleads For Peace**

Dr. Winger made a plea for peace, and stated that ceremonies such as this service above the water had a tendency to strengthen this thought in the minds of the people of America. He pointed out the fact that there had not been a war within the borders of this country since the Civil War had ended.

Those men who fought for the independence and unity of our nation have left us a great heritage. Dr. Winger asserted, which he declared we should keep unsullied.

The services were presided over by Mrs. Florence Gillespie, chairman of the ladies of the G. A. R. They opened with the singing of "Nearer My God To Thee" by the assembly followed by the invocation by Dr. Winger. Musical selections were rendered by a male quartet from the Central Presbyterian church, and by the file and drum corps of the Sons of Union Veterans, which organization also furnished the music for the march to the bridge and from thence to the First Christian church for the succeeding services.

Following the address by Dr. Winger, the ladies strewed flowers on the waters of the Neshannock, a volley was fired by the Sons of Veterans, and taps was played by Chas. Marshall and Charles Harlan.

**Services On Diamond**

Services were held at the Civil War monument on the Diamond at 4 o'clock Sunday afternoon by the Daughters of Union Veterans, who paraded from the city building, headed by the file and drum corps of the Sons of Union Veterans, with the uniformed rank of Company K also in line.

This service opened with the singing of America by the assembly, followed by the invocation by Dr. C. B. Winger. Brief remarks were made by Mrs. Pearl Cook, president of the Daughters of Union Veterans, who introduced Commander D. M. Clarke of post 100, G. A. R., and Thomas Wilson, who were present for the services.

Ralph M. Campbell, past commander of the local camp and army department commander, Mrs. Jessie Crooks, past department president of the Daughters of Union Veterans, together with Walter Palmer, commander of camp No. 249, were also introduced and spoke briefly.

Mrs. Cook then gave a brief outline of what the five points on the star of the G. A. R. stand for, the five allied orders.

**Flowers Are Placed.**

Mrs. Ethel Hoon, chaplain of the Eliza Winans McBride tent, had charge of the balance of the program, which consisted of a selection by the quartet from the Central Presbyterian church, the placing of a wreath in memory of the departed comrades, sons and sisters. Mrs. Margaret Boak placed a bouquet in memory of the G. A. R. men, Mrs. Blanche Smith a bouquet in memory of Mrs. McBride, and Mrs. Lucy Pettit in honor of the sons.

The tent members then placed red and white carnations in the wreath in honor of the 22 departed members of the order. The tent drill team formed a cross as Mrs. Mabel Davis sang "The Old Rugged Cross."

Dr. Winger then delivered a brief address, in which he spoke of the continued patriotism exhibited in this country, particularly by the women, and praised them for the sacrifices they have made down through the ages.

He spoke of the great figure Abraham Lincoln has become in the memory of mankind, through his firm stand for a principle which he believed was right. Like the Apostle Paul, no one needed to ask what his principles were. His life exemplified them.

At the close of his address, there was another selection by the quartet, after which Mrs. Maude Fisher, patriotic instructor of the tent, led in the pledge to the flag. Taps were played by Charles Marshall and the organization marched back to the city building, where refreshments were served the file and drum corps and the uniformed rank by the Daughters.

**Taylor Campaign Cost Was \$9,641.72**

Other Campaign Expenses Are Filed By Candidates Today At Harrisburg

(International News Service) HARRISBURG, May 28.—A total of \$9,641.72 was spent in behalf of the successful campaign of M. Harvey Taylor for the Republican nomination of secretary of internal affairs, his campaign committee reported to the state elections bureau today.

Contributions totaled \$9,704 and unpaid bills were listed as aggregating \$20.

Benjamin G. Eynon, Scranton, unsuccessful candidate for the Republican gubernatorial nomination, received no contributions but reported he spent \$278.65. Albert B. Davidson, Tarentum, who lost the Republican nomination for lieutenant governor, spent \$152.50, he reported.

**Committees Report**

Among county committee reports received today were:

Margiotti for governor: Washington, received \$212, spent \$600; Schuykill, received and spent \$1,143.76.

Reed for senator: Indiana, received \$2,085.31 including \$1000 from Heath Clark and \$500 from A. J. Musser, spent \$2,083.60; Lackawanna, received \$1,852.01 including \$400 and Mrs. Worthington, Scranton, National Republican committee woman, spent \$1,852.01.

Schnader for governor: McKean, received and spent \$1,374.60.

Pinchot for senator: Lawrence, received and spent \$338.

Official returns have been received from 46 of the 67 counties in the state.

**Croton May Queen Is Crowned Sunday**

Miss Carolyn Micco was crowned May Queen, at services conducted Sunday afternoon at 1303 Croton avenue by Italian residents of that district. The affair proved most impressive.

The procession was led by Miss Laura Stone, who sang, "Mother Dear Oh Pray For Me," followed by the knights of the queen, Alice Prioletti and Angeline Denafore. Flower girls were: Laura Pia, Antonetta Camilla, Mary DeLorenzo, Sadie Lastoria, Mary Thomas. Other attendants were: Mary Valenti, Angeline Pavia, Josephine Apicella, Rose Cimini, Rose Crozzi and Joan De-tour.

The ceremony was witnessed by a large crowd.

all men hereafter attaining that age will automatically be placed on that list.

The active members of each company will be limited to 15 men. The new members will only be accepted between the ages of 21 and 30 and will be required to render efficient services at fires.

They seek to carry out the intention of council and the understanding had with the council when the adjustment of the affairs of the paid fire department came before council in 1933.

**Exonerate Active Members**

The letter also said that the future list for exoneration of personal tax will contain only the names of the active members which will eliminate 90 men. The bylaws of each company provides for the elimination of the veteran members from the personal exemption of taxes which has heretofore averaged about \$2.90 a member.

The volunteers in the letter point out that the lack of any system here to call the volunteers or the paid men off duty has resulted in volunteers and paid men off duty, not attending fires.

This lack of signal system has greatly impaired the usefulness of the volunteers and the paid men off duty and the department the letter declares desires to render efficient service under the rule and regulations as promulgated by the safety director, ordinances of the city and fire chief.

**HOPE TO ADJOURN CONGRESS SESSION EARLY NEXT MONTH**

has the almost unanimous approval of the senate committee committee.

**Market Bill**

The stock market bill was in final form, after senate and house conferees agreed on a compromise. The conference report will be adopted this week by both house and senate, as the final steps in its enactment. The bill would create an independent commission to regulate the various securities exchanges throughout the country.

The loans to industry bill was in conference to settle differences between house and senate. It provided for loans to industry by both the RFC and federal reserve banks. The billion-dollar relief appropriation will be passed as the last measure on the program.

Under this program, some important legislation will be abandoned. The President's new housing program will go over until next year, unless Mr. Roosevelt makes a personal appeal for its enactment now. If he does, the congressional program will be disrupted and adjournment postponed indefinitely.

**Deaths of the Day**

Mrs. Lois Evans

Mrs. Matilda Tintman, of 705 Court street, has received word of the death of Mrs. Lois Evans, her sister-in-law, widow of Rodney E. Evans, this morning at her home in Wilkensburg, Pa.

Mrs. Evans was well known in New Castle through her visits and leaves many friends bereaved. Her late husband, who was general purchasing agent for the Pittsburgh and Lake Erie railroad, also had many friends here and the couple visited them frequently.

One sister, Mrs. George Rambo, of Wilkensburg, survives her.

Funeral services will be conducted Wednesday afternoon at New Brighton, Pa.

**Homer Hixson**

Homer Hixson, aged 23, of Bessemer died in the Jameson Memorial hospital Saturday at 1:45 p. m. following an illness of several days.

He was taken to Columbiana, O., for interment.

**Mrs. Moorhead Funeral.**

Funeral services for Mrs. Mildred Davenport Moorhead, wife of J. E. Moorhead were held from the family residence, Park avenue, Saturday afternoon. The Rev. Phillip C. Pearson, pastor of the Trinity Episcopal church, was in charge, assisted by Dr. C. B. Winger, pastor of the Central Presbyterian church.

Sorrowing friends and relatives filled the home to capacity. There were many beautiful flowers sent to the home in additional tribute to the memory of the deceased. The American Legion Auxiliary attended the services in a body.

Bearers were Jesse Boak, Raymond Lutz, Ross Aubel, William Lewis, Ivor M. Richards, Clarence Jarrett, Chester C. Sweeney and Wilbert Chapman.

Interment was made in Graceland cemetery.

**Charles Steven McCafferty**

Charles Steven McCafferty, aged 64, Boston avenue, R. D. 2, died suddenly at his home Sunday at 11:40 a. m. Mr. McCafferty had not been in the best of health for some time, but had attended church at St. Mary's Sunday morning, had returned to his home and decided to visit some friends and started across the field, when he was seized with a heart attack and had succumbed before medical aid could be summoned.

He was born in Butler county, the son of John and Margaret Kane McCafferty, and had been a resident of New Castle the past 40 years, being employed in the boiler house of the Carnegie Steel Mill. He was a member of St. Mary's church.

Surviving his wife, Mrs. Mary E. Duffy McCafferty; two daughters, Margaret Anna and Ruth Josephine, at home; two brothers, Michael, of Youngstown, Ohio; and Frank, of Paintsville, Ky., and a sister, Mrs. Mary Gorman, St. Louis, Mo.

Funeral services will be held Wednesday at 10 a. m. from St. Mary's church and interment will be made in St. Mary's cemetery.

**Wissinger Funeral.**

Funeral services were conducted on Saturday afternoon at 2 o'clock for John W. Wissinger at his late residence in Union township. In charge was Dr. C. B. Winger, pastor of the Central Presbyterian church.

Palbearers were E. C. Wissinger, Jack Wissinger, Clyde Wissinger, Charles Allen, John Grove and Ray Grove.

Interment was made in Oak Park cemetery.

**Michael Smith Funeral**

Funeral services for Michael Smith were held Saturday at 1:30 from the residence, Hickory township, with the Rev. J. M. Guthrie, pastor of the East Brook United Presbyterian church, officiating.

Nephews bore him to his last resting place in Graceland cemetery.

**Sports Program**

After the speaking program, sports events, drills and drum corps and band competitions were held.

The Charlevoix American Legion bugle and drum corps was awarded first place in the bugle corps competition, with McKeesport and Greensburg, standing second and third. The combined Louhi and Volunteer Firemen's band of Monessen, won first prize for the best musical organization in line, while the Monessen high school band won first place in its classification. Monessen Elks Lodge, No. 773, won the cup presented for the best appearing float. The sorting room girls of the tin mill took the prize for the best appearing mill department in the parade. The Sons of the American Legion won the prize for the best junior organization present.

**3,000 In Parade**

Including the 1,800 mill workers, Claude D. Lowry, chairman of the parade committee, stated that approximately 3,000 persons were in the parade.

One of the novel features of the parade was the appearance of the members of the cold roll department of the mill in tin hats, made from the products of their plant.

It was one of the biggest celebrations the town has ever witnessed, and showed the splendid feeling which the residents of the community have for the principal industry of their community.

The National Works of the American Sheet and Tin Plate Company has been working at 85 per cent capacity for the past year, aiding materially in bringing prosperity back to that city, a fact which the residents appreciate deeply.

### McMILLEN-McCRACKEN WEDDING IS CHARMING

Charming simplicity marked the wedding at 11 o'clock this morning in the Second United Presbyterian church of Miss Katherine E. McMillen, daughter of Mr. and Mrs. Joseph M. McMillen of Sumner avenue, when she became the bride of S. Glenn McCracken, son of Mrs. Maude McCracken of Volant.

The Rev. Chauncey Kirk McCracker officiated with the pretty ring ceremony, in the presence of a large number of relatives and friends of the young couple.

The bride was given in marriage by her father, the vows being exchanged before a beautiful embankment of palms and ferns, aglow with slender white lighted tapers in silver candelabra.

The bride was lovely in a white ensemble with large picture hat and she carried a nosegay of white roses and lilies of the valley tied with white ribbon.

Chosen as her only attendant was Mrs. Fred H. Lee of this city, who was attired in a pink ensemble and carried a Colonial bouquet of Joanna Hill roses with dainty spring flowers. Leslie T. McCracken, served his brother as best man.

Preceding and during the ceremony, Mrs. Jay L. Reed played an artistic organ program, her numbers including, "To A Wild Rose"—MacDowell; "Narcissus"—Nevin; "Venezian Love Song"—Nevin; "Serenade"—Moszkowski; "Bridal Chorus from 'Lohengrin'"—Wagner; "Liebestraume"—Schumann; "Dream of Love"—Liszt; "Wedding March"—Mendelssohn.

Following an informal congratulatory period Mr. and Mrs. McCracken departed for a trip to New York.

Possessed of a most pleasing personality, Mrs. McCracken is one of New Castle's most popular girls. She is a graduate of The College of Fine Arts of Carnegie Institute where she was a member of Mortarboard Fraternity. She is an accomplished musician.

Mr. McCracken was graduated from Westminster college and now is principal of the Volant high school. Like his bride, he is well and popularly known in both New Castle and his home town.

Guests from out of the city were Mrs. C. M. Jackson, Philadelphia; Mr. and Mrs. George L. Whitman of Cooperstown.

Returning from their honeymoon, the bride and groom will reside in Volant, Pa.

### D. A. R. MEETING ON SATURDAY AT WALMO

An interesting event of the current week, will be the June meeting of the Lawrence chapter, Daughters of the American Revolution, Saturday afternoon at 2:30 in the home of Mrs. Harold R. McCulloch at Walmo.

Mrs. Carrie Jeffery Roberts, will be the afternoon's guest speaker on the program which will follow the usual business session.

Important business will be transacted among which will be the selection of delegates to represent the local society at the State Conference which will be held in Philadelphia next October. Previous to the regular meeting, the governing board will convene at 2:00 o'clock.

For those desiring transportation, arrangements have been made to have cars at Highland church at 2 p. m.

### HONEYMOON SHOWER HONORS MISS MILLER

A "honeymoon" shower Saturday afternoon in Horne's tea room, Pittsburgh, with Mrs. W. R. Lamb as hostess, was one of the prettiest of the pre-nuptial events which have been given in honor of Miss Ada Miller, East Washington street, whose engagement to Hubert Sadler was recently announced.

The table was laid for 10, with pink and white roses nodding from a lovely crystal bowl; a gardenia corsage marked each place, with the name cards in the form of miniature brides and grooms. A four-course luncheon was served. The bride-elect was showered with dainty lingerie and gifts of perfume.

The guests include friends of Miss Miller from Sharon, Aliquippa and Pittsburgh.

### Attends Graduation

Miss Elizabeth Banks, student nurse at Jameson Memorial hospital, has departed for Lexington, Ky., for a two week's visit with her sister, Miss Lois Banks.

Miss Lois Banks is a member of the graduating class at the University of Kentucky, whose commencement exercises will be held June 5. Mr. and Mrs. J. S. Banks of Norwood avenue, are the parents of the girls and the Misses Banks will return to this city after commencement.

### Butler Girls

Butler Girls will have a meeting Friday afternoon at the home of Mrs. Heber Anderson of Cunningham avenue.

### Co-Ed Leader

JANE BAKER

Jane Baker, Pittsburgh, a member of the Senior class of Westminster College which graduates June 11, is one of the leaders in many campus activities. Miss Baker has been on prom committees, student governing boards, publication editorial staffs and intramural sports teams. She is a member of Alpha Gamma Delta sorority; Psi Nu, journalistic honorary; and Target senior women's honorary society.

### MISS MARTHA SMITH WILL BE FALL BRIDE

At a delightful afternoon party given by Miss Elizabeth Parker on Saturday at the New Castle Field Club, the engagement of Miss Martha Smith, a member of the New Castle senior high school faculty to Henry Stone of the New Wilmington road, was revealed. The marriage will take place August 28 at the Smith home in DuBois, Pa.

The announcement party was in the form of a dessert-bridge and was attended by a coterie of Miss Smith's friends. Five tables of bridge furnished an enjoyable pastime and at the close of play the high score award was presented to Miss Margaret Hice. A gift was also presented to the honor guest of the afternoon, Miss Smith, when the news of her engagement was cleverly revealed by cross word puzzles at the large table where dessert was served. The table was prettily arrayed in pink and white color tones with rose buds placed at intervals at center points.

Out of town guests present included the sister of the honored guest, Miss Eleanor Smith, of Bradford, Pa., Mrs. J. J. Akers, of Grove City and Mrs. Jack Schlichter, of Akron, O.

### Wedding and Dinner.

Friday evening, May 25, at 7 o'clock a quiet wedding was solemnized in the parsonage of the Church of the Nazarene, when, with the ring ceremony, the Rev. C. F. Whetsell united in marriage Miss Olive Hay and W. Lester Smith.

The couple was attended by Mr. and Mrs. George Ramsey and Mr. and Mrs. W. P. Driver.

Supplementing the ceremony, Mrs. Driver entertained at a wedding dinner in her home on Etna street.

Mr. and Mrs. Smith are dispensing with a wedding trip and will go to housekeeping in Beaver Falls, where he is employed by the state highway department. Mrs. Smith is a niece of Mr. and Mrs. George Ramsey.

### Luncheon Affair

Motoring out in the country last Friday, We Pu members enjoyed luncheon at one o'clock at an inn on the Harlansburg road, with Mrs. Earl Yoho of Beckford street, hostess.

After luncheon, the guests returned to the Yoho residence where they spent a delightful afternoon playing bridge. Winners of pretty prizes were Mrs. Leroy Shoaff and Mrs. Harry Carlson.

The next meeting will be on June 7 at the Carlson home on East Laurel avenue.

### Daughters Of Lydia

The Daughters of Lydia of the First Presbyterian church were received Saturday afternoon at 3 o'clock in the home of Mrs. Frank Woods, Sheridan avenue, with Mrs. Forrest Thompson leading the devotions.

A short business meeting was held after which the hostess told an interesting missionary story, "The Third Prayer." The national topic was discussed by Mrs. E. A. DeLan and reports of the Ellwood Presbyterian meeting were given by Mrs. Clara Young and Mrs. John Madigan.

This was the last meeting of the society until fall and the afternoon closed with refreshments. Mrs. Eugene DeLan, Mrs. R. M. White and Miss Henrietta Woods were aides to the hostess.

### Marriage News

Word has been received here of the marriage of Dorothy Hunter, daughter of Mrs. Eva Anderson, former residents of New Castle, and Frank Russell of Belcher, Iowa. The ceremony was performed on May 19 at the Russell home in Belcher, supplemented by a wedding dinner with 25 present.

Mr. and Mrs. Russell will leave May 30 for San Diego, Calif., where Mr. Russell will be stationed. He is at the U. S. Naval Air station in Belcher, Iowa at the present time.

Mrs. Russell's daughter Marjorie Hunter, will accompany them to California.

### Shower For Bride

Mrs. V. J. Gallagher, of Taylor St., entertained at a shower Thursday evening in honor of her daughter-in-law, Mrs. W. B. Gallagher, nee Marjorie Hunter.

Bridge, 500 and bingo were enjoyable activities of the evening. A delicious lunch was served by the hostess after the close of play assisted by her daughter, Mary Katherine and her two sisters, Mrs. Linton and Anne Sweeney.

The honored guest received a shower of lovely gifts.

### Return From Troy, N. Y.

Mrs. J. L. Reed and son Robert of North Mercer street and her parents Mr. and Mrs. L. E. Nelson of Florence avenue have returned from a motor trip to Troy, N. Y.

There, they visited with their sister and daughter and son-in-law, Mr. and Mrs. Wayne S. Koppes. Of particular interest to local friends is news that Mr. Koppes has been promoted to a professorship in the Architectural department at Rensselaer Polytechnic Institute and will resume his new duties next fall.

### D. J. Club

The usual weekly card party of the S. J. club will be held in St. Joseph's hall on Thursday afternoon at 2:15 this week, instead of Wednesday on account of Memorial Day. Mrs. E. Krueger will be the hostess.

# Bridge Club piles up score against STOCKING RUNS!

Women everywhere start "PROVE-IT-YOURSELF" Clubs

Follow their plan and see how few RUNS You have . . .

10 DAYS WITHOUT A RUN IN THESE STOCKINGS!

17 DAYS FOR ME

BEAT ALL YOU GIRLS! 23 DAYS IS MY SCORE

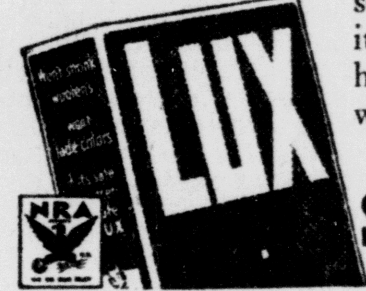

22 DAYS FOR ME. IT NEVER HAPPENED BEFORE

HERE'S a game that rivals bridge for excitement—proves Lux trumps in the contest to cut down stocking runs!

Mrs. Lathrop Bevan, of Montclair, New Jersey, started the fun at her bridge club. Each member took two pairs of stockings, washed one pair after each wearing with Lux, rubbed the other pair with cake soap. Careful records were kept—at the end of two weeks Lux had cut down runs 75%!

Think what this means to a clothes budget! Lux cuts down runs because it saves stocking elasticity. Silk threads give instead of breaking into runs so often.

Ordinary soaps with harmful alkali and cake soap rubbing weaken elasticity. Don't take chances. Lux has no harmful alkali. Safe in water, safe in Lux.

## saves Stocking Elasticity

Actual letters tell the story . . .

"22 days for me without a run—it never happened before! The stockings I rubbed with cake soap had a run in 9 days—faded noticeably, too."

MRS. LATHROP BEVAN

"With Lux, my stockings wore 5 times as long as they did when I washed them the old way."

HELEN MORGAN

"17 days without a run in my Lux stockings. Am I thrilled with this record! The ones I rubbed with cake soap had a run in 9 days."

MRS. O. A. MICHEL

"My test showed 23 days without a run in the Lux stockings—only 14 days for the others. Lux is the most marvelous economy I've ever known."

MRS. JOEL POORMAN

And it's swell for Socks

Try Lux for your husband's socks. Women find it cuts down holes—saves money and tiresome darning. Won't fade or shrink wool socks.

### LUNCHEON AFFAIR HONORS MISS GARNER

Mrs. E. W. Greiner of Winter avenue opened her lovely home on Saturday to the members of the S. E. B. class of the First Methodist church for a one o'clock luncheon to honor Miss Agnes Garner, the deaconess of the church, who leaves for her home in Indiana, this week.

The house was lavishly decorated with a profusion of garden flowers. In the center of the dining room, at a large table was seated the honor guest, her sister, Miss Mable Garner, of Washington, D. C. Miss Ida Schnakel, Mrs. Joseph Hull and Mrs. Jordan, with the officers and teachers of the class. Small tables arranged to seat the other guests.

Mrs. Greiner was assisted by Mrs. Carl Paisley, Mrs. John Offutt and Mrs. J. D. McClelland, in serving a delicious luncheon.

The afternoon was spent informally.

### SEE THAT YOUNG WOMAN?

See that young woman walking ahead of us? No, not the one with the red hat. The one in the yellow dress. That's the one I mean. Well, I'll bet you four bits that she's pretty. And give you odds. No, I never saw her before. I haven't the remotest idea who she is. . . . But just the same I know she's pretty. . . . How can I tell?

It's easy. I don't need to be a Sherlock Holmes to know that. I can tell by the way she holds her head. By the line of her shoulders. By her walk. By the spring in it. By that inimitable manner. . . . I tell you it's easy. . . . The pretty girls—I mean the ones who know they are pretty—and what pretty girl doesn't know that delicious fact?—have a fair arrogance about them that comes in no other way. A sweet independence, a joyous here-I-come that is beyond compare. The spotlight of admiration shines full upon her, the boys like her and the girls envy her, and even when she's a block away you know that's a pretty girl over there.

We'll catch up with her and see and prove I am right. She'll have to stop at the corner for the red light to change and we'll get a look at her then. . . . Well, here we are, at the corner. Wait till she turns her head. Don't stare, idiot. Be a gentleman for once. Just glance casually at her. . . . There, isn't she pretty? She isn't? Then I'll look. . . . That's right, she isn't. But she's got a twinkle in her eye and a laughing quirk around her mouth and she looks as if she likes people—and I'll bet you a million dollars she's popular with both the boys and girls. . . . You can always tell whether a girl is pretty, popular or in love without even seeing her face. By the tilt of her head and the way that she walks and all the sweet arrogance of her. It never fails. Try it yourself some day and see if I'm not right.

Where's that four bits? What four bits? The fifty cents I won on that bet? That's right, I did lose, didn't I? So I did. . . . But I don't care. I had a good alibi.

### WE ARE CORRECTED

Dear Hints and Dints: Some years ago a motion picture went the rounds in which a woman illustrated various ways of holding a husband's regard.

One method was to invite to his house a bevy of very young ladies. ("Fill the house with cooers," she called it) then to quietly retire and leave her husband to entertain them.

This seemed a far fetched plan

and requiring too much self-sacrifice on the wife's part to be popular.

But we live and learn. A wife who really does it has been found. Really, Fred, women are not all so selfish or all married men so abused as your column sometimes implies.

But we should all realize that there is a limit to the success of speculation.

Labor Bill Pictured Necessary Governor White's "Disasters" President May Call in "Big Men"

By LESLIE EICHEL Central Press Staff Writer

NEW YORK, May 28.—There seems no question now that there will be a labor bill this session of congress yet.

That is the view in New York. Strikes and riots might not have occurred if large interests in New York and Detroit and Pittsburgh and elsewhere had not obstructed the bill to try to prevent its passage thus holding it up.

The government needs immediate and powerful agencies to bring employers and employees together.

WAS WHITE RIGHT? Governor George White of Ohio has had an administration of disaster.

He was criticized for failing to close Ohio banks earlier in 1933, then for the rotten condition exposed in the Ohio state banking department.

In the Toledo strike, he now is believed to have acted too abruptly, too violently. (Washington is sure he has—and wishes it could undo the damage.)

When state troops use not tear gas but gas that blasts out people's eyes, when troops shoot to kill, and do kill, in labor riots, then a question arises as to where law and order actually begins.

It begins, says the New Dealers, in correction of abuses. An in so vast a rearrangement of our social order, no mere state can correct those abuses. The federal government must be the power, the only power, say the New Dealers.

"BIG MEN" NEEDED President Roosevelt is likely to call in "Big Men," prior to departing on his Hawaiian trip, and say: "If there is a breakdown now, there will be chaos."

"I desire you to help me in solving the tremendous problems that still lie before us."

## TODAY Is The Day

By CLARK KINNAIRD Copyright 1934 Central Press

MONDAY, MAY 28

Memorable Days—May 28, 585 B. C. (4th year, 48th Olympiad)—A battle between Lydia and Medes near the River Halys in Asia Minor, was stopped by an almost total eclipse of the sun. The warriors read the darkened skies as an indication of the anger of the gods, separated and went their ways peacefully.

(We know from Herodotus that Thales of Miletus had predicted the eclipse many years before. Our present knowledge of eclipse cycles and references of awed commentators in the literary works of antiquity make it possible for us to determine the exact dates of 2400-year old events.)

Unfortunately for Croesus, "the richest of mankind," who became king of Lydia 25 years after the eclipse, there was no darkening of the heavens to suggest a halt when he crossed the Halys in 548 B. C. to strike a blow at the power of Cyrus, great ruler of Persia. His 420,000 men were defeated, and he was sentenced by Cyrus to be burned alive.

Croesus, "the richest of mankind," begged for his life and it was saved. But Lydia became a Persian province and Croesus, "the richest of mankind," became a pauper!

Ironically, history gives a smaller place to Lydia's best known king than to Lydia's slaves, Aescop the fabulist.

May 28, 1754—George Washington fought his first military engagement. It was also the first skirmish of the French and Indian war. Virginia militia commanded by Washington, aged 22, aided by friendly Amerindians led by Half-King, defeated French and Indians in The Great Meadows, near what is now Uniontown, Pa.

Junimville, the French commander, and 10 of his men were killed and 22 were made prisoners. In Washington's force one was killed, two wounded.

But Washington, who began his first campaign with victory, ended it with defeat. He surrendered to M. de Villers, brothers of Junimville, at Ft. Mifflin after a 10-hour conflict two months later.

May 28, 1891—Thomas A. Edison made public, in an interview with the press, the details of his latest invention. His most expansive predictions didn't encompass its possibilities, for it was the kinetograph, progenitor of the moving-picture. But he did predict that the shadows thrown upon the screen would be joined with a phonograph to give the audience words and music!

The first Edison moving picture: A black-haired, curly-headed boy dancing, laughing and waving his arms. The first moving picture actor: one Alfred J. Thompson, apprentice in the Edison laboratories.

May 28, 1918—The first independent attack of a unit of the American Expeditionary Force ended in the capture of Cantigny by the first division under Lieut. Gen. Robert E. Lee Bullard.

WHEAT EXPORTS Wheat exports are to be small this year, experts say.

The orient does not desire much, for the rice crop has been large. When the rice crop is large, the orientals do not buy wheat, which to them is expensive.

And Europe, exclusive of Russia, where there has been a drought, will have the second largest wheat crop on record. Europe still has a large carry-over, due to Europe's record-breaking crop last year.

MINUTE BIOG David Ignatius Walsh, Democrat, of Massachusetts, is heading for another term in the United States senate. It is not conceivable that the Bay States will turn against him in this apparently Democratic year, even if Massachusetts Democratic politicians are not entirely happy.

Senator Walsh is one of the outstanding bachelors of America—and one of the outstanding minds of the senate.

Since James Roosevelt has been residing in Boston, Senator Walsh has required the tact of a married man, as more than once the intimation has gone forth that the president's son has tried to have his say on patronage. But Walsh is big and full of reserve. He is a quiet, effective worker—and vote-getter.

He was born Nov. 11, 1872, in Leominster, Worcester county, Massachusetts, and is a graduate of Holy Cross college, Worcester, and Boston university law school.

His first elective office was as a member of the Massachusetts house of representatives in 1900; he was re-elected in 1901. He was elected lieutenant governor in 1913, and twice was elected governor, in 1914, and in 1915.

He was a delegate at large to the Massachusetts constitutional convention, 1917-18.

His most notable election was in 1918, when Walsh was elected to the United States senate—the first Democrat to win that honor in Massachusetts since prior to the Civil War. He defeated John W. Weeks, Republican, afterwards secretary of war.

Walsh, however, suffered defeat in 1924, by a narrow margin.

In 1926 he came back, defeating William M. Butler, friend of President Coolidge who had been appointed to fill the unexpired term of Henry Cabot Lodge. Then Walsh was re-elected in 1928 by his greatest majority.

In the "Good Old Days"—There's nothing new about "price wars." An advertisement in the Stamford Mercury in 1716 says:

"Whereas the majority of Apothecaries in Boston have agreed to pull down the price to bleeding to sixpence, let these certify that Mr. Richard Clarke, Apothecary, will bleed any body at his shop, gratis."

The World AND THE Mud Puddles

HE WAS IMPRESSED Pat, an inveterate drunkard, went to the priest and asked him what to do about it. "I'm afraid I'll have to put you on the pledge," the priest said, and continued with a sudden idea of appealing to Pat's mysticism, "but mind you, if you break the pledge, I'll turn ye into a rat."

It wasn't long, however, before Pat surrendered to Demon Rum, and arrived home drunk. He sat in a dazed silence for a while, then he turned to his wife and said:

"Maggie, if you see me gettin' smaller 'n' smaller, fer Gawd's sake keep yer eye on the cat."

Bible Thought For Today

Let your light so shine before men, that they may see good works in you, and glorify your father which is in heaven.—St. Matthew 5:16.

TODAY'S STORYETTE A hypochondriac is one of the breed who is causelessly anxious about his health. One of them attended a medical lecture and then met his doctor on the street.

"Doc," he said, "I'm afraid I have kidney trouble."

"Oh, pshaw," replied the doctor, "the curious thing about that disease is that the victim experiences none of the slightest pain or discomfort."

"I know it," gasped the hypochondriac, "my symptoms exactly."

## THE GOVERNMENT BUYS—THE PEOPLE PAY

SENATOR ASHURST of Arizona comes to the front with a bill appropriating \$200,000,000 for the purchase of all the surplus copper, lead and zinc mined in this country. The Reconstruction Finance Corporation is to do the buying and the government is to store the output against the time when it may be needed for public construction purposes. Singularly enough the Senate Mining Committee has approved the measure.

There is just about as much sense in purchasing copper, lead and zinc as there is in taking over all the silver that American mines can produce. But why stop there? The government has bought tons upon tons of hogs merely to get rid of a surplus. Why discriminate? Why not take over all the surplus potatoes, turkeys, noodles, to say nothing of steel, textiles, furniture and what have you?

While we are about it, let's make the thing all-inclusive and buy everything the markets can't readily absorb continues the Philadelphia Inquirer. It's easy enough. All we have to do is to tax the people to the verge of extinction, or issue billions of dollars in worthless paper money.

## ENDING A WAR?

After many months of investigating and study, including a survey made by a special commission on the ground, the League of Nations virtually has admitted its helplessness in trying to end the Chaco war between Bolivia and Paraguay.

Instead of relying upon its own powers, it has sent out an appeal to all nations, inside and outside of the league, to stop the sale of munitions to the combatants.

There seems to be little doubt that such action would end the war. And there appears to be a promising prospect that the league's proposal will be followed by arms-exporting nations.

Neither Bolivia nor Paraguay manufactures war munitions. Both are dependent upon importations. That they have had no trouble in obtaining adequate supplies is indicated by the fact that the present war has been in progress two years. The struggle has been bitter and shows no signs of being ended soon by a victory of either side. How many thousands have been killed and how many wounded is unknown. Attempts to end the struggle by mediation and other means have failed. If a stop to it can be put now by the refusal of other nations to sell munitions to either side, such action will be serving the cause of humanity.

Would such an ending, though, result in bringing about any long period of peace? Would not both nations themselves turn to the manufacture of war materials and resume the struggle just as soon as they felt they had accumulated a sufficient supply?

The controversy over the Chaco region is one of long standing. Deep hatreds exist on either side. Not until these are removed will permanent peace between the two nations be possible.

## LOOKING INTO THE FUTURE

If news pertains to something that has just happened, then a scientific forecast of what is going to happen in the future may be still greater news. If that is true the meeting of nearly 600 leaders of industry, science, medicine and education in Chicago, for the purpose of giving a "preview" of the advances likely to be made in the next century, must have attracted wide interest.

The doctors and scientists foresee a seventy-year average span of life, ground-powered airplanes, sunlight-driven motors, slumless cities and world television.

This may seem Utopian, but those who predict these things are men who can point to practical results in the world of science, education and industry. Thus when Willis R. Whitney referred to "a tiny electric motor running by sunlight" he was speaking of an actual experiment.

Professor Pitkin was perhaps the only one who tried to outdo Jules Verne, with a fantastic picture of 2034. He envisioned war, sickness and poverty ended and even the climate under control. But this group of leaders, as a whole, is not composed of visionaries. Their predictions are not unreasonable when one considers the progress made within the short span of the last fifty years.

## THE WISE COURSE

Discussion of Justice Harlan F. Stone as a possible Republican presidential nominee in 1936 has brought from the justice the statement that he is "out of politics." He indicated plainly that he is not interested in the matter and implied that he would not permit himself to be drawn into the fight.

This attitude is in keeping with the tradition which makes the nation's highest tribunal immune to politics. True, this tradition has been violated once or twice but generally it has been observed and wisely so. There are some public offices which may be properly regarded as stepping stones to the presidency. Membership on the supreme court is not one of these. For it to become such would weaken public confidence in the body and deprive the court of the prestige and respect it now holds.

Justice Stone is an able man and has qualifications that make him of presidential size. But he will be serving the nation better by helping to preserve the tradition that keeps the supreme court out of politics that he would by seeking to attain the presidency.

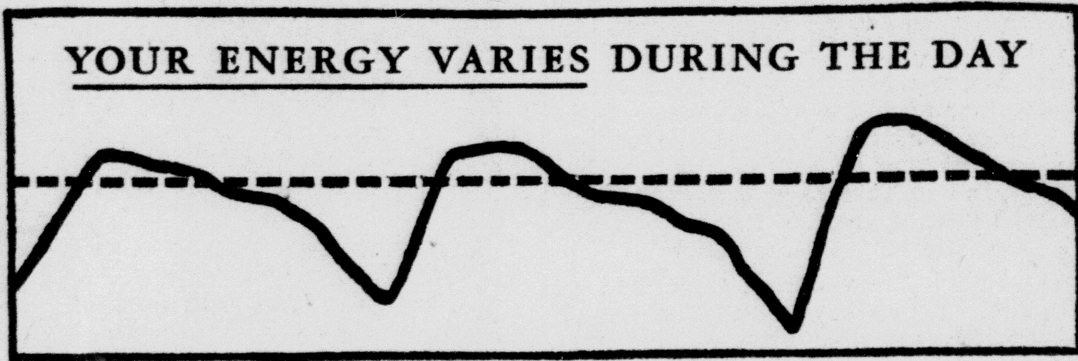

Instinct is the gas in the tank; logic is the nail in the tire.

If all four sit in the driver's seat, that's friendship. If two prefer the rumble, that's

**Science reveals  
important new  
Facts for Smokers!**

*Camel Smokers can verify these facts!*

A famous New York research laboratory announces a basic discovery that throws new light on our past knowledge of cigarettes. It embodies an "energizing effect"... a quick restoration of the flow of natural body energy... an experience well known to Camel smokers. When you smoke a Camel you feel an almost im-

mediate relief from fatigue. What has actually happened is that you have released and made available the latent energy in your body. You've helped your body to help itself. During the day your energy curve hits certain low points. Camels raise your flow of energy... quickly, conveniently and *without jangling your nerves*.

## There's a "Lift" in CAMELS that drives away Fatigue and Irritability

Feel "all in"? Then's the best time to light a Camel.

It's cool and fragrant and delightful...but far more important than that, it brings your flow of energy *up from the depths!*

You feel fatigue vanish. Irritability seems to slip away. And you go back to work—or play—with all the energy and cheerfulness that are *naturally* yours.

**YOU'VE HAD THE EXPERIENCE...  
HERE'S THE EXPLANATION!**

This experience is no news to Camel smokers. But the explanation is news—and good news—to everyone.

The "lift" you get from smoking Camels is simply a release of the natu-

ral latent energy in your body. In other words you have helped your body to help itself...easily, naturally, and without the slightest strain.

Remember this explanation when your energy curve is "down"...times when you're irritable and your brain just doesn't seem to work and you feel too tired to move. At such times...*"Get a lift with a Camel!"*

**AND CAMELS NEVER JANGLE  
YOUR NERVES!**

Camel fans smoke frequently—and they can—as often as they like. Camel's costlier tobaccos never get on the nerves.

Keep your flow of energy at a higher level with Camels.

*TOO TIRED FOR FUN...and then she smoked a Camel!*

**CAMEL'S

Camels are made from finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic—than any other popular brand.

**KNOW THIS FEELING?** The feeling of being too "all in" to respond to the gaiety of the crowd? No taste for the pleasure and fun of the sort of social evening that you would ordinarily look forward to? That's one of the many times to light a Camel, enjoying its rich flavor while your flow of natural, healthful energy is restored. You'll like Camels—a matchless blend of costlier tobaccos!

## Complete Plans For Convention

State Planning Commissioners To Meet Here On  
June 11-12

**MATTHEW GUNTON  
STATE PRESIDENT**

Planning commissioners of Pennsylvania will gather in New Castle Monday and Tuesday, June 11 and 12 for the ninth annual convention of the Pennsylvania Association of Planning Commissioners. G. H. Hoskins, city engineer, has been named as the general chairman of the convention and has arranged a program of worth while speakers.

Coincidentally, the state president of the organization is Matthew Gunton, of New Castle, a pioneer in municipal planning and a member of the local board. J. E. Kauffuss of State College is vice president, Frank B. Titus of Lansdowne is second vice president, L. E. Lewith of Wilkes-Barre is the third vice president, and Robert L. Fox of Bethlehem is fourth vice president. Arthur A. Cassell of Allentown is the secretary-treasurer.

Headquarters in Castleton  
The convention headquarters will be in the Castleton Hotel, with the program opening at 9:30 o'clock. Registration is the first order of business with the address of welcome by Attorney Charles R. Davis following. Mr. Davis is chairman of the Planning Commission here. Mayor Charles B. Mayne will follow with a formal address of welcome on behalf of the city officials. J. E. Kauffuss will respond for the organization.

The afternoon session will open at 1:30 with addresses on municipal recreational and planning problems by such men as Markley Stevenson of Philadelphia, E. C. Cowden of Harrisburg and a symposium on zoning conducted by F. P. Best of Pittsburgh.

At 6:30 in the evening the annual dinner will be held in the Field Club dining room with Mr. Gunton acting as toastmaster. City Solicitor R. M. White will introduce the toastmaster. Nathan B. Jacobs of Pittsburgh and Louis B. Round will be the speakers. Moving pictures in charge of Carl Leathers will follow.

Tuesday morning the session continues with Francis J. Mulvihill of Harrisburg, Mrs. Florence S. Pearson of New Castle and J. Herman Knisely of Harrisburg as speaker. At noon the delegates will be the guests of Louis G. Genkinger, president of the New Castle Chamber of Commerce at a luncheon.

## Alumni Ponder Situation At Slippery Rock

**Decide Not To Pass Resolution  
On Action Of Board  
After Consideration**

**SLIPPERY ROCK, Pa., May 28.**—Members of the Alumni Association of Slippery Rock State Teachers' College Saturday, at the annual meeting of the body, considered a resolution, offered by a group of "old grads," which brought to their attention rumors that some members of the board of trustees have been "playing politics" in the firing and hiring of faculty members and other employees at the institution.

At the annual meeting of the trustees in Butler last week Dr. J. Linwood Eisenberg, president of the college, resigned after some board members, led by Mrs. Emma Guffey Miller of Pittsburgh, Democratic state committeewoman, had demanded that the president quit. At the same meeting the positions held by Dr. Millicent McNeil, English instructor, and A. C. Fisher, bursar, were "abolished." Both had been re-elected for a year at the March meeting of the trustees.

Dr. McNeil's place has not been filled, but a Butler man was elected in Fisher's place as "business manager" of the school.

After several had advised against setting the precedent of the alumni body interfering with the action of the trustees, it was voted to "table" the resolution criticizing the board members.

## Commissary To Be Closed Wednesday

**Relief Orders Usually Given  
Out That Day Will Be  
Ready Tuesday**

Needy families of New Castle who ordinarily receive their commissary orders on Wednesdays were advised by the Lawrence County Emergency Relief board today to collect them on Tuesday, inasmuch as the commissary is to be closed on Memorial Day.

Executive Director E. H. Robinson said the entire relief organization will suspend work on the holiday.

## Asks \$25,000 For Breach Of Promise

**BEAVER, Pa., May 28.**—A breach of promise suit for \$10,000 heart balm was filed in the Beaver county courts by Miss Mary Lovrich of Aliquippa, who declares Marko Harambasich, also of Aliquippa, had promised to marry her and the date was set for January 5, 1934, and that he now refuses to carry out his contract.

Times are improving, but the popular idea of recovery is something that will put \$20 stock back up to \$240.

## Class Night For New Wilmington

**High School Presents Program  
—Other News Of Community**

**NEW WILMINGTON, May 28.**—A packed house witnessed the class night exercises of the class of '34 at the Community House on Friday night. Class jokes, songs, quips, prophecies, testimonials and wills, were superbly presented and enjoyed to the full by the spectators.

The program was divided into two parts. The first part dealt with the Senior sing when the entire class, arrayed in sombre grey caps and gowns, sang their class songs with gusto. Popular numbers including "This Little Piggy," "There Goes My Heart," "The Old Spinning Wheel," "Weary River," "Mary Lou"

and "Carolina Moon" were worded in characteristic fashion, befitting the status of the class and although somewhat derogatory to their schoolmates and instructors, the shower of applause that greeted the finish of the sing was tribute to its enjoyment.

The final part dealt with the Optimistic History of the class and was delivered by Lowenne Swindler; the Pessimist was portrayed by Ruth Edminston; the class prophecy was rendered by Georgiana Davidson and William Campbell; Class Donors were Lois Greer and Robert McCaslin. The climax of the evening was the reading of the class will by Katherine Freeman.

### TRAVELER RETURNS HOME

John Kurtz, Jr., popularly known as "Dutch" has returned to his native haunts in New Wilmington after several years. Lately he has been a cowhand in Arizona. Kurtz has seen nearly every state in the union and states that he expects to see them again. He has spent most

of his time in California, where he was engaged in the restaurant business. As a sideline he has taken up professional wrestling and is becoming quite a figure in the wrestling world. He expects to spend the summer training at his home, south east of town and with its duration will again depart for the western coast.

### NEW WILMINGTON NOTES

## Boy Five Years Old Sets Pittsburgh Home Afire Playing With Matches

(International News Service)

PITTSBURGH, May 28.—Safety matches aren't always safe playthings. David Weiskar, five-year-old court ward, learned today as bright red fire trucks rolled up in front of his Homewood home and neighbors formed a bucket brigade from the kitchen to the living room, where he sleeps.

When the matches ignited and tongues of flame leaped from his bed coverings, David ran to his custodian, Mrs. Mary Madden, screaming:

"I didn't mean to do it! I didn't mean to do it!"

David told firemen, who quickly checked the blaze, that his two brothers, also court wards, gave him the matches.

He escaped burns.

(International News Service)

ST. LOUIS, May 28.—Suffering from a fractured left hip, W. H. (Coin) Harvey, 83-year-old free silver advocate and Presidential candidate of the Liberty party in 1932, was brought to a hospital here today from Rogers, Ark.

Dr. Will Moore, Harvey's physician, said his patient's condition was serious. Dr. Moore said X-rays were to be taken of the injury to determine whether an operation was necessary.

Harvey sustained the injury Saturday afternoon at his home at Monte Ne, Ark., when he stumbled and fell against a stone fireplace.

## McBride Post Has Services

Beautiful Memorial Day Ceremony Presented At  
Croton M. E.  
Church

### AUXILIARY HAS CEMETERY SERVICE

Memorial services, beautiful in their character, were held Sunday morning at the Croton M. E. church by the officers and members of the Harry L. McBride Post, Veterans of Foreign Wars, aided by the members of the Auxiliary.

Visitors were present from Butler and Pittsburgh, to witness this ceremony, which has been carried out by the McBride Post each Memorial Day season for the past four years in some one of the New Castle churches.

The pulpit of the church was decorated to resemble a grave, a cross topped a small mound of green, about which were placed poppies. T. John Stoner served as commander. George Christoph, the commander of the post as Senior vice commander; Arnold Fishburn, junior vice commander; Leslie Wooley, chaplain; Charles Marshall, officer of the day, and Jack LaRue, the voice of the Unknown Soldier. Mrs. Etta Keeling, represented the Ladies Auxiliary, and all placed floral emblems on the grave. James A. Bell and C. E. Allen served as color bearers, and Robert Rook and Charles Nolan, as color guards. Orville Grossman was the bugler.

As a part of the service, Marian Shaffer recited "In Flanders Fields," and beautiful vocal numbers were rendered by the Misses Ruth Wilkison, Mary Virginia Roberts, and Cecilia Hasulak.

The new pipe organ of the Croton M. E. church, was in use Sunday morning, greatly adding to the services. It was presented to the church by Mr. and Mrs. Earl Williams.

Following the services at the church, members of the Auxiliary and post went to one of the local cemeteries, where Memorial services were carried out in honor of Mrs. James Fishburn, one of the members of the auxiliary, who passed away recently, and for the other deceased members of the Auxiliary.

# MOTORS NEED *More Air* THAN MEN

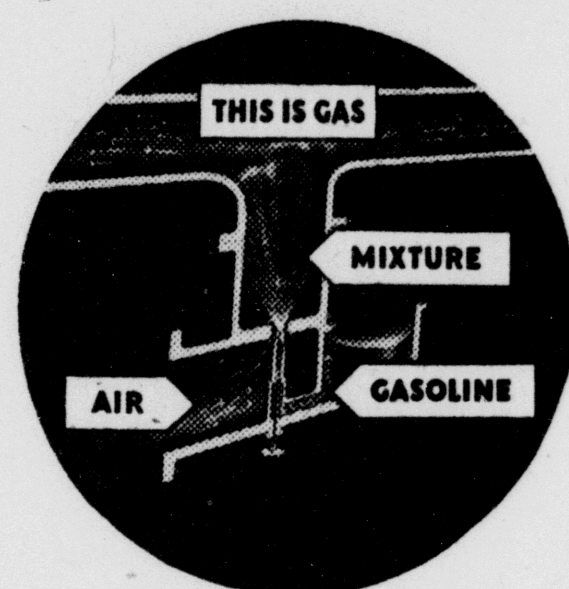

How OXYGEN gives life to your car... why this Gasoline Mixes Better with AIR!

DOWN INTO DAVY JONES' LOCKER, and the lives of a hundred men depend upon a steady, unflinching supply of life-giving oxygen. But the men who go down into the sea in Uncle Sam's "pigboats" are no more dependent on plenty of air than your car.

"A BRIGHT AND SUNNY DAY" you'd say, from this picture. But sundown brings coolness. Rain may come before home is reached. Air conditions change—so it's small wonder if cars perform below normal. Unless, of course, you have Climatic Control.

This simple diagram shows what happens when you "Step on the Gas."

HOW MUCH GASOLINE does your gas tank hold? Ten gallons—fifteen—twenty? Multiply that figure by several thousand and you have an idea of the amount of AIR your car uses to a single filling!

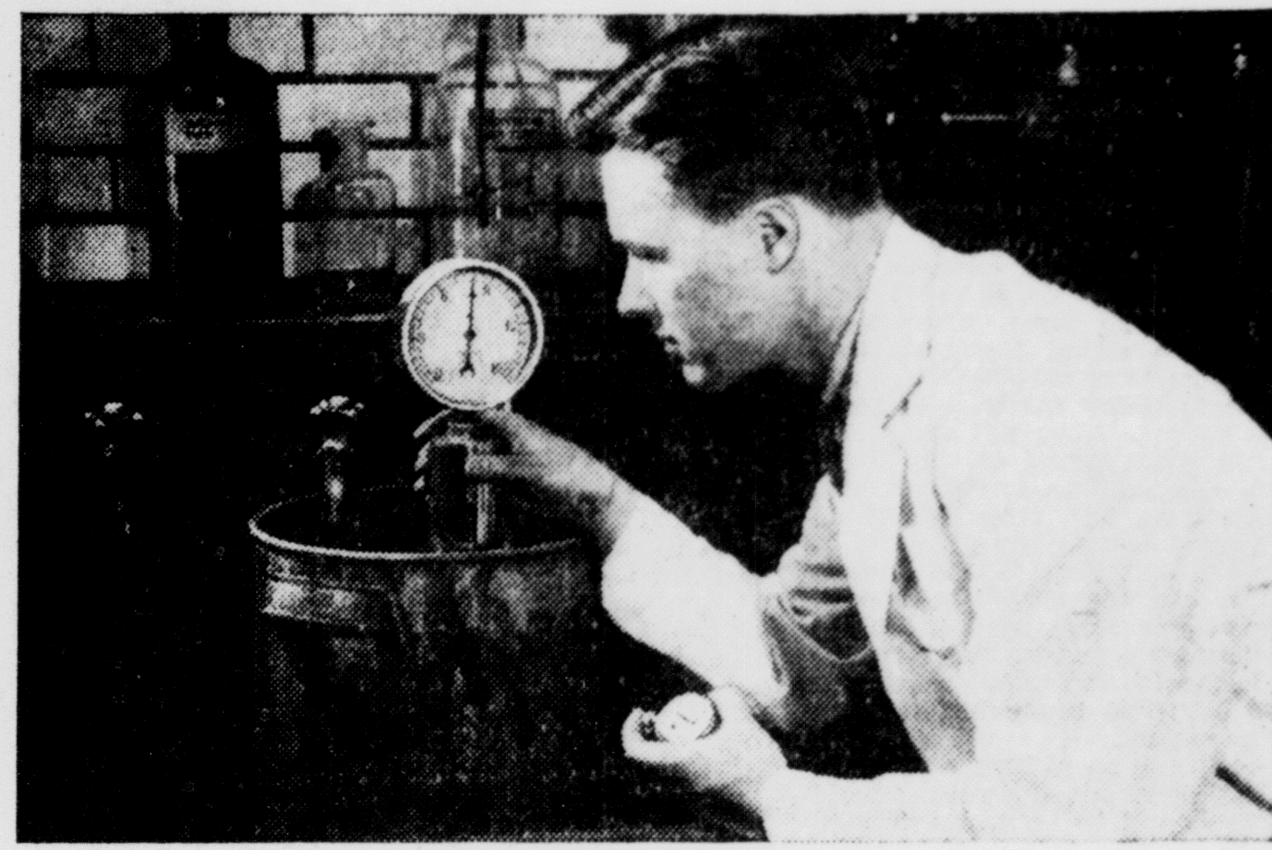

Here's the reason: Before gasoline can be burned—it must be mixed with large quantities of air. A spoonful of gasoline makes a whole tankful of "gas."

It's easy to see from this that the power you get depends on how well your gasoline mixes with air. Slow-starting, sluggish pick-up, loss of power may easily result from a poor-mixing gasoline.

That's why we stress Climatic Control so much. This exclusive feature makes Mobilgas mix better with air—all kinds of air. It always delivers a uniformly good fuel mixture in all kinds of weather—hot or cold, damp or dry.

Naturally, that means better performance. Full fuel value. Quick-starting—fast pick-up—dependable power!

Try the gasoline that mixes better with air! Stop at the sign of the Flying Red Horse, and fill your tank with Mobilgas.

THIS IS THE VAPOR PRESSURE TEST, and it is just one of the tests Socony-Vacuum scientists make to be sure that Mobilgas does mix better with air. Mobilgas is tested three times—at the refinery, then in storage, and again at the roadside pumps.

ALWAYS WELL SATISFIED with the way her car is performing. Hot weather or cold weather, dry days or damp—it makes no difference when you use Mobilgas.

## Night School Aid Shared By Many, Report Discloses

Benefits Came To 900 Who  
Studied And To Instructors  
Who Taught

A new-born desire for more education led 900 Lawrence county men and women, all adults and many with families, to pick up long-forgotten school books and again climb school house steps recently to better citizenship.

This fact was established today with the announcement by the Lawrence County Emergency Relief board of the general results achieved by the New Castle night school project which functioned here during the spring under the auspices of the Emergency Education Relief council, a federally financed movement.

The movement, a review of the night class operations will show, caught the imagination of adult scholars and besides that provided ample work for unemployed teachers whose time was not engaged. Scores of adults are still hoping that sooner or later another chance will be given for them to brush up on their reading, riting and rithmetick.

**Boosted Enrollment**  
The enrollment of 900 men and women, from 16 to 60, represents a three percent increase of the county's school population.

A high percentage of foreigners made up the classes, it was shown. There they were getting their first chance to learn English, the language of their adoption. Many of them also were enrolled in Americanization classes. Stirred by their progress, confident of their fitness, dozens have applied for their first citizenship papers after only a few weeks of schooling.

But the program of the Emergency Educational Relief movement was more comprehensive than that. It included vocational subjects, the sciences, grade and high school subjects, arts and crafts, commercial courses, music, home hygiene, domestic science, care of the sick, and many more branches. In all 21 teachers were employed—trained men and women who otherwise might have called at the relief office for assistance.

**Subjects More Popular**  
In their selection of subjects, the adult pupils displayed a keen appreciation of the practical and the academic. The most popular were vocational, English, home economics, music and commercial subjects. Dramatics, too, is way up on the preferred list.

## BESSEMER

Miss Mary Brentin is spending sometime with friends in Youngstown, Ohio.

Mrs. S. J. Irwin who has been at Youngstown for sometime has returned to her home, here.

Homer Hixson of West of Bessemer was admitted to the Jameson Memorial hospital for treatment the latter part of the week.

Mr. and Mrs. Wesley Kerr and son Buddy of East Palestine, Ohio spent a day recently with Mrs. E. E. McCutcheon of West Poland Ave.

Mr. and Mrs. Paul Kanengiser and son Dick left Bessemer to make their home at Portsmouth, O. Mr. Kanengiser has secured work there.

The Swedish Lodge of Bessemer gathered at the home of Mr. and Mrs. Charles B. Nord of Oak street and tendered them their sincerest

clation of the practical and the academic. The most popular were vocational, English, home economics, music and commercial subjects. Dramatics, too, is way up on the preferred list.

Five nights a week they made diligent study of their lessons and scores of unsolicited letters, the county relief board reports, express eloquent gratitude for the opportunity offered the eager pupils.

Attendance was purely voluntary and despite the approach of spring-like weather, the classes held up well until they closed on May 1, according to Dr. C. C. Green, superintendent of New Castle schools and supervisor here for the E. E. R. program.

Superintendent Green reports that there is a strong demand for the re-opening of these classes next fall.

## Auto Goes Into Creek; One Is Hurt

When an automobile operated by Louis W. Kline of Wheeling, W. Va., struck a guard rail on a bridge along the Pulaski road Sunday morning, the auto went into the creek.

Only one of the six occupants of the automobile was injured. She was Mrs. Howard Rogers of 201 East Leasure avenue. She sustained lacerations and bruises and received treatment in the Jameson Memorial hospital.

The auto was badly damaged.

How would it do to soak only the rich who aren't doing anything to make the country richer?

It is much better to say "She persuaded her" than "got around her."

# Roosevelt Has Finished Work Upon Messages

Last Three Special Messages Are Ready To Submit To Congress

## GETTYSBURG TALK BEING MADE READY

(International News Service) WASHINGTON, May 28.—President Roosevelt today put the finishing touches on the last three special messages he will send to the present session of congress. They will probably go to Capitol Hill before he leaves Wednesday morning to attend Memorial Day ceremonies in Gettysburg, Pa., and thence to review the fleet in New York Harbor. They will deal with foreign debts, repeal of the three cents a pound processing tax on coconut oil, and formation of a permanent water usage policy. In the debt message, the executive is expected simply to review the situation as at present, asking no downward revision, but setting forth the latest expressions which have been laid before him by the debtor nations. The speech he will make in Gettysburg held his attention today. This talk will be brief, and is not expected to deal with anything controversial.

## Y. M. Will Change Ladies' Schedule

Commencing June 1 the Y. M. C. A. will conduct its swimming classes for women and girls on Wednesday each week instead of on Tuesdays and Thursdays as theretofore. Physical Director H. T. MacNicholas in making the announcement, said June 1 begins the new yearly membership period for which this Wednesday schedule has been planned. At 10:30 a. m. adult class; at 4:30 p. m. girls' class and at 6:30 p. m. adult class.

## RECOVERY SHOWS IN NEW ART WORK

(International News Service) BOSTON—Looking through the eyes of youthful artists, the world appears to be swinging back to normal, according to the testimony offered by 750 exhibits of the work of the Boston Art Museum drawing classes, now on display there. The artists, ranging in age from eight to 18, forsook tragic studies of poverty and post-war problems to turn to sports, animals, machines, buildings and people for their inspiration.

## GERMAN GROUP ENDS SESSIONS

Two-Day Conclave Of 500 Visitors Closes, Concert Ends It

Sunday night brought to a close the 33rd annual convention of the Central Association of the Transylvanian-Saxons of America, national German fraternal group which began its sessions here on Saturday. More than 500 visitors—100 of them delegates—participated in the programs. Sessions of the delegates, in which the business of the convention was transacted, adjourned Sunday afternoon while a special concert at night in the Eintracht Singing Society hall, Taylor street, brought the two day gathering of guests to a close. Concerts also featured Sunday. Five states were represented here with Branch No. 27, the ladies organization here as official hosts. Assisting them were the men of Branch No. 25. The Central Association of the organization embraces the governing body of the organization which functions in Pennsylvania, New York, Ohio, Illinois and Indiana.

## Assails Prisons As Clubhouse For Criminals

To Much Coddling Of Prisoners Declares Bar President

(International News Service) KANSAS CITY—There is too much coddling of criminals and it is time to give the nation and our states an even break with crime, declares James M. Challis, president of the Kansas Bar Association. Penal institutions, says Challis, are little more than clubhouses for convicts. "They are read to, played to and sang to, and can play on the football or baseball field. The best programs on the air are theirs for the turning of a dial. When they get tired of this kind of recreation they apply for a parole, and usually get it." The criminal code as administered today is all in favor of the criminal and against the state, he declared. "There is no good reason why the defendant should be given the best of it in the selection of the jury."

## DIDN'T STOP SUN, MADE MOONSHINE

SHARON, Pa., May 28.—"So your name's Joshua, eh?" Mayor J. Fred Thomas inquired of a colored man hailed before him. "You're not the Joshua that made the sun stand still, are you?" he asked. "Lor', no, Mayor Thomas," demonstrated the negro. "I'm do Joshua da. made de moonshine!"

## Kidnaping Only a Memory to June Robles

While physicians marvel at the wonderful physical condition and rapid recovery of 6-year-old June Robles after 19-day confinement in a steel box in the desert near Tucson, Ariz., the child calmly resumes ordinary pursuits of life where they were halted by her kidnaping. She is shown here with her mother; with her father; with both parents at scene of her imprisonment; receiving gifts from friends and at top a closeup of her legs, scarred by chains that bound her. ## Wheatland School Students Strike

(International News Service) SHARON, Pa., May 28.—Two hundred and fifty students of Wheatland grade school were on strike today protesting the board of education's dismissal of five teachers. They paraded before school directors' homes, demanding re-instatement of the teachers.

## Mrs. Roosevelt To Talk To Prisoners

(International News Service) ALDERSON, W. Va., May 28.—Mrs. Franklin D. Roosevelt, wife of the President, arrived here today to inspect the federal prison for women and to address the 400 inmates of one institution this afternoon.

## Four G. A. R. Men At Rotary Dinner

Vets Of '61 Guests At Memorial Luncheon; Rev. Stevenson Speaks

Four white-haired Grand Army of the Republic veterans of Lawrence county attended the Rotary club's annual Memorial luncheon today and heard the Rev. Arthur M. Stevenson, pastor of the First Presbyterian church, of Ellwood City, pay tribute to them for their "patriotic sacrifices" at a time when the nation needed them. The club met in The Castleton. They also heard Rev. Stevenson challenge the American people of today to face the American flag with a greater reverence for and devotion to the words liberty, union, opportunity and faith, and then to "turn about into our several spheres of life resolved to be better men." Each Memorial Day reason Rotary honors the surviving soldiers and each year finds the number somewhat less. The four present today were D. M. Kerr, Mt. Jackson; R. H. Wilson, Seventh Ward; A. R. Kerr, New Castle and Edwin L. Ayers, Pulaski. They were brought to the luncheon and returned by Rotarians. Pointing out that opportunity for us is "infinite" this year, Rev. Stevenson, speaking on "That Flag

## Commission Order Is Held Invalid

(International News Service) WASHINGTON, May 28.—The supreme court today held invalid an order of the Ohio public utilities commission reducing intrastate freight rates on coal from southeastern Ohio fields to northeastern Ohio points. The order of the Ohio commission was set aside by the interstate commerce commission on the ground that it discriminated against Pennsylvania and other out-state producers competing for Ohio business.

## Pinchot Arrives Back In Capital

(International News Service) HARRISBURG, May 28.—Gov. Gifford Pinchot arrived here today by air from his country estate at Milford to plunge into matters of state which have accumulated since he took a vacation following his defeat for the Republican senatorial nomination in the May 15 primary. The Governor's plane, piloted by Lieut. Fred "Shorty" Nelson, landed at the Harrisburg airport this afternoon after a quick flight from Milford.

## Primary Election Expense Accounts

Congressional Campaign Of Dr. J. Howard Swick In County Cost \$1,750 Expense account of J. H. Hartland, treasurer of the Swick campaign committee, filed at the prothonotary's office this morning shows that the campaign for Dr. J. Howard Swick for congress cost \$1,750 in Lawrence county. The contributions, all by Swick, totaled a like amount. The principal items of expense were for advertising, watchers, and transportation of voters. Expense account of Carrie Jeffery Roberts, candidate for assembly in the New Castle district, shows that she spent \$57.48, nearly all for advertising. W. R. McKee, candidate for assembly in the second district, spent \$67, principally for advertising. Frank E. Smith, also candidate for assembly in the second district, spent \$92.09 for advertising. William C. Shanafelt, candidate for assembly in the New Castle district \$123.22, principally for advertising. CALF WITHOUT TAIL (International News Service) JEANNETTE, Pa.—A tail-less black bull calf, born to a Guernsey cow, is attracting hundreds of persons to the Louis Bleiberg farm near here. The "freak" is otherwise normal. "In all my 45 years' farming and dairy experience, I've never seen anything like it," Bleiberg said.

## Plan Financial Drive To Carry On Program Here

Budget And Membership Campaign Planned By Chamber Of Commerce

### START WORK ON CIVIC PROGRAM

Recent meetings of the Board of Directors of the New Castle Chamber of Commerce and other interested groups have resulted in the adoption of a concrete program by which the wishes of the community, as indicated by the returns of the recent city-wide questionnaire, may be carried out.

These questionnaires have developed twenty worthwhile projects, out of nearly fifty suggested, and for the purpose of working out a means whereby those twenty major projects may be put into execution, various groups have met during the past week. These groups have named as their active head, M. J. Donnelly, general chairman, with Thomas H. Hartman, as associate chairman.

**Name Executive Committee**  
Under these chairmen, an executive committee has been organized for the purpose of getting the twenty major activities under way with the least possible delay. The first step in launching the expanded project program of the Chamber of Commerce, it was said, would be the task of augmenting the finances

of the organization. This will be done through the medium of a budget and membership campaign which will be undertaken the fore part of the week of June 4. To this end, a campaign organization will be built for the solicitation of memberships in the Chamber of Commerce.

This phase of the program will be under the leadership of Earl S. Machin, as general sales manager. Mr. Machin will name his assistants within the next day or so, he said. Those taking an active part on the Executive Committee in addition to Messrs. Donnelly and Hartman, are: A. L. Bantz, Jr., W. Walter Brahm, Hon. J. A. Chambers, T. W. Dickey, W. W. Duff, Maurice Feuchtwaenger, F. J. Flaherty, Louis G. Genkinger, A. Green, Alex Crawford Hoyt, B. H. Kanenberg, John H. Lamb, James K. Love, W. Keith McAfee, J. S. Meyer, W. F. Moody, T. F. Morehead, Wm. O. Pitts, Fred L. Rantz, L. B. Round, J. W. Staudinger and Maj. Guy J. Wadlinger. The functions of this committee, it was said, would begin immediately.

The importance of the Chamber of Commerce to the business life of the community is generally accepted. Throughout the past four or five years, however, economic conditions have made it necessary to curtail to some extent the activities of that organization. With the return of more prosperous times, it was felt by those in positions of authority, that a rejuvenation of activities was necessary. It was with this thought in mind that the community at large was asked to outline the major projects for the coming fiscal year which begins June 1st. Those projects have already been published in the NEWS and the public will, in the future, be kept informed of the progress of the various commissions and committees soon to be announced.

The Chamber of Commerce, representing as it does, all components of community life in New Castle, is the only organization of its kind that finds itself equipped to cope with the multiplicity of details involved in co-ordinating essentially all community activities and it is believed that the coming budget and membership campaign will meet with a ready response on the part of all business and professional men and women of the community.

It's our own fault if Japan talks war. She didn't when our fleet was twice the size of hers.

From our ancestors come our names, but from our own virtues our honors.

## AROUND CITY HALL

Police chronology for the past 48 hours ending at 3:30 p. m., May 26, 30 arrests as follows: violating parking and traffic ordinance 23, drunkenness and disorderly conduct 1, suspicion 4, arrest on warrant 1 and disorderly conduct 1.

It might be a good move for city council to make a journey soon to North Mercer St., north of Sheridan avenue and out of the trip perhaps may come a plan for putting the section in permanent condition for the summer. Some work was done there some time ago. However, the heavy traffic has worn down the cinders and in several sections it feels as though one is riding over a washboard.

According to some members of the Volunteers Firemen's department they would like if a whistle or bell sounded when dangerous fires broke out. At present there is none sounded.

Members of city council departed Saturday for a jaunt which took them on many roads which are coated with amiesite. It is that kind of material which will be used on the thoroughfares and alleys to be repaved here. Approximately 10,000 tons are to be purchased.

## Sorority Given Scholarship Cup

NEW WILMINGTON, Pa., May 28.—Alpha Gamma Delta sorority at Westminster College has been awarded the new Ellen Louise Foulke scholarship cup donated by Mrs. E. B. Russell in memory of her mother. The sorority had an average of 1.765 for the academic year 1932-1933. A similar cup, to be awarded the leading fraternity in scholarship average, will be made later.

## Arm Injured When Two Cars Meet

Paul Stewart of Edenburg R. D. 1, sustained an injured arm when the auto he was driving and one operated by Edward Clark, 315 Meyer avenue, sideswiped each other Saturday night along the Harbor road. The accident happened about 10 p. m.

**FIVE** big men can relax in utter comfort on the deep cushions of the Ford V-8. Wide seats keep elbows out of ribs. Ample leg room keeps legs from being cramped.

Why? Because Ford measures roominess in terms of *usable* body room. Not in terms of the distance between bumpers, which means *nothing* when you come to analyze it.

The Ford V-8's very engine construction gives you more body room, as the diagram explains. Cylinders are "doubled-up" saving space, not strung along in a line to waste it.

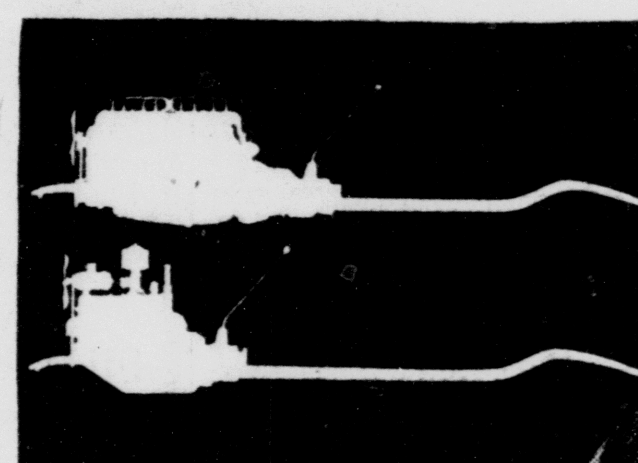

The Ford V-8 front seat is adjustable. It quickly and easily adapts itself to a six-foot-two husband or a five-foot-two wife. It ends forever that source of strife.

See the new Ford V-8. Revel in its comfort. Marvel at its performance. And drive it before you buy *any* car at *any* price.

## Slaying Suspect Is Being Grilled

Scranton Detective Fires On  
Slaying Suspect After  
Tussle

NEW YORK POLICE  
GRILL YOUNG MAN

(International News Service)  
SCRANTON, Pa., May 28.—Au-  
thorities from Broome county, New  
York, arrived here today to ques-  
tion Arthur Wahl, alias Frank  
Howe, 22, shot in the right thigh  
by Detective George Green, of  
Scranton, last night while attempt-  
ing to evade capture as a suspect  
in the slaying of Clifford H. Clark,  
42, Binghamton, N. Y., newspaper  
circulation manager, last April 22.  
Wahl was accosted on the street  
here last night by Green, who had a  
good description of the suspect, af-  
ter quizzing Wahl, the detective  
placed him under arrest. Green  
said Wahl grappled with him and  
he was forced to shoot when the  
suspect sought to draw a revolver.

**Loaded Gun Found**  
At the Scranton State hospital  
police found a fully loaded revolver  
on Wahl, they reported.  
John Koltz, 22, of Johnson City,  
N. Y., who appeared here a short  
time after Clark's slaying, was also  
taken into custody. Police said they  
found a loaded revolver in Koltz's  
automobile and believed he had  
tipped Wahl off the police were  
seeking him.  
A. E. Gold, district attorney of  
Broome county, and Capt. Michael  
Haffan, of the Binghamton police,  
went to the hospital to grill Wahl.

## Baccalaureates Held At Schools

Union, Shenango And Three  
Others Open Commence-  
ment Events

Union township high school's June  
graduates, assembled in their bac-  
calaureate service last night, were  
led by the Rev. C. S. Joshua, of the  
Croton M. E. church that high school  
graduates of today are on a level in  
"knowledge with Yale and Harvard  
graduates of 50 years ago and, for  
that reason alone, high school stu-  
dents were urged by him to give edu-  
cation a "square deal" before quit-  
ting.

Rev. Joshua declared reasons for  
optimism abound in the world and  
he paid tribute to the "exceptional  
advantages in material things, in  
education, in medical science and in  
religion of the last half century."  
The Union gym-auditorium was  
crowded for the exercises, to which  
vocal contributions were made by  
Union's eighth grade chorus.

**Dr. Galbraith at Shenango.**  
While the Union service was in  
progress, Dr. J. A. Galbraith, pastor  
of the Epworth M. E. church, was  
delivering the baccalaureate sermon  
at the Shenango township high  
school on "Facing the Future."  
Dr. Galbraith told the class that  
while it looks ahead into a day of  
wonderful opportunity, it must be  
"ready to face trying tests of various  
descriptions. "Be sure you're right,  
then follow the gleam," he advised  
the seniors.

**Other Schools.**  
Simultaneously, at three other  
county schools the traditional bac-  
calaureate programs were held, with  
the Rev. J. Ralph Neale, pastor of  
the New Wilmington U. P. church,  
preaching before the New Wilming-  
ton high class; the Rev. Clyde Myers,  
Hickory, Pa., preaching at Princeton  
high, and the Rev. James Guthrie,  
pastor of the East Brook U. P.  
church, speaking at East Brook.  
Commencement at Union high is  
set for Friday, June 1, and at She-  
nango the graduation will occur to-  
night.

## Barbara's Road To Romance Nears End

(International News Service)  
NEW YORK, May 28.—America's  
\$40,080,000 Princess may never reach  
the first milepost along the royal  
road to romance.

Still in the first year of a gilded  
honeymoon with Prince Alexis  
Mdivani, Barbara Hutton, heiress to  
the Woolworth Five-and-Ten for-  
tune, was locked in her suite at a  
London hotel today, tearfully await-  
ing the arrival of her father, and  
defiantly refusing to discuss the re-  
ports of an impending divorce.

To a point-blank inquiry Princess  
Barbara flared into the trans-At-  
lantic telephone:

"Won't you let me handle my own  
affairs for once in my life?"  
"But Miss Hutton"—to America  
she is still Miss Hutton—"Your

countrymen have a natural interest  
in your happiness."  
There was a sharp click! over the  
Atlantic ether waves, and then the  
voice of the English telephone op-  
erator, speaking in cold accents—  
"Sorry, America, but the Princess  
is no longer there!"

Neither was the Princesing Mdi-  
vani, who has been occupying a  
connecting bedroom in the suite at  
the Hotel Claridge, but whose pre-  
ference for the society of his polo  
ponies and his Parisian cronies is  
alleged to have brought about a defi-  
nite break with Barbara.

In answer to imploring letters  
from his daughter, father Franklyn  
L. Hutton was hurrying to her side  
as fast as the liner Bremen can  
carry him.  
He sailed at midnight Saturday.

## First Of Four New Subs Added To French Navy

Can Make Good Time Both  
On Surface And Under  
Water

(International News Service)  
CHERBOURG—The first of four  
new submarines, capable of under-  
taking long cruises, has just been  
added to the French navy, and the  
three others are expected soon to  
follow.

This latest addition to the French  
sea forces is the Agosta, which was  
launched at the Cherbourg navy  
yard. It is capable of a 20-knot  
speed on the surface and 10 knots  
under water. Its armament includes  
ten torpedo tubes and a 100-milli-  
meter gun.  
The Cherbourg navy yard is also

working on the other three sub-  
marines of this class, the Ouessant,  
the Sidi-Ferruch and the Beveziers.  
The Agosta was included in the  
1930 naval program, started the same  
year. It was scheduled for comple-  
tion last December. Its prototype  
was the Pascal, and the series in-  
cluded the Espoir and the Glorieux,  
all built at the same yard.

Although somewhat smaller than  
the Redoubtable and the Vengeur,  
the prototype of which was the ill-  
fated Promethee lost off the coast  
of Cherbourg in the summer of 1932,  
all these submarines are capable of  
extensive cruises.

# An Appeal To Reason:

The Johnson Bronze Company has been in business in this community  
since 1903. From a small beginning employing less than 100 men, it de-  
veloped in business employing in 1929 over 1267 men. Owing to the depres-  
sion this force has been reduced considerably, but beginning at the first of  
the year, with business improvement we had at the end of April on our pay-  
rolls 525 men with a monthly payroll of \$55,000.

When the National Industrial Recovery Act went into effect last Au-  
gust, in accordance with this Act, the men of our organization held an elec-  
tion and appointed a shop committee for each department to represent them  
in collective bargaining of this company. The company worked with this  
committee in harmony until about five weeks ago when a professional or-  
ganizer, Edward Roebuck, from Uniontown, came into the city and orga-  
nized an outside union, making promises to the men that were not in accord-  
ance with the National Industrial Recovery Act. After organizing this union  
a committee was elected and they consulted the writer, who stated to this  
committee that he would recognize the representatives of employees, re-  
gardless of what union they belonged to, therefore recognizing other com-  
mittees without any question, and wrote a letter to the outside union stat-  
ing that we would recognize the committee for the purpose of collective bar-  
gaining in accordance with the National Industrial Recovery Act.

Last week while the writer was in Detroit endeavoring to close up  
large contracts for the last half of the year, a letter from this outside union  
was handed to the company requesting a meeting immediately with an ulti-  
matum calling for a strike Monday morning. They were told it was impossi-  
ble to have a meeting the next day for the reason that the writer was in De-  
troit on important business for the company, but that the matter would be  
taken up by telephone for an answer. The writer was called on the tele-  
phone at Detroit, the letter was read to him and he replied by wire as follows

P. J. FLAHERTY PRESIDENT

This wire, together with copy of letter from the outside union, was posted on bulletin  
boards in the shop, and in addition our factory manager called in the members of the shop  
committee to find out about this ultimatum from the union. Each one, with the exception  
of one member, claimed they knew nothing whatever about this ultimatum and further  
stated that the president of this outside union, Mr. Roebuck, the professional organizer,  
had no right whatever to call a strike without a vote being taken by all members of the  
union. However at a meeting held last Friday night a vote was taken with approximately  
125 members present. We are advised that some members got up and requested that a  
vote be taken by secret ballot, but Mr. Roebuck, the organizer, declared them out of order  
and insisted on a standing vote, which is nothing but plain intimidation. A standing vote  
was taken and a strike called.

The demands made the writer by this outside union is for an absolutely closed shop  
and for the so-called check-off system requiring this company to deduct union dues from  
the men's wages, which this company rightfully refuses to do for the reason that no such  
requirements are called for in the National Industrial Recovery Act.

Since August first last year this company has raised wages of our workmen 45%,  
which is practically the same average rate as we paid at the peak of the prosperity period  
of 1929. The Johnson Bronze Company is an integral part of the city of New Castle. It  
is owned, operated and controlled by New Castle people. Anything that affects the opera-  
tion of this plant affects the citizens, the business men and the tax revenues of this city  
and county. We ask the public to believe that the Johnson Bronze Company is endeavor-  
ing to conduct its business under the National Industrial Recovery Act, and that it will  
continue to operate fairly for the benefit of the people of New Castle. We also ask that  
the citizens of New Castle be not influenced by the statements or activities of any person,  
or persons, who are strangers to the city.

P. J. FLAHERTY, President,  
Johnson Bronze Company.

## Joseph A. Igoe Dies In New York

One-Time Resident Here Succumbs After Appendicitis Operation

Joseph A. Igoe, one of New Castle's well known residents of a score of years ago but more recently a resident of Brooklyn, N. Y., died early Sunday morning in a New York hospital as a result of an emergency appendicitis operation.

Igoe, associated with what was the National Bank of Lawrence County at the time, became well known to New Castle residents of that time. His father and a brother also operated a nail and rod mill here.

Almost 20 years ago, Mr. Igoe

left for New York and established with a brother, Peter, the Igoe Brothers, a nail and rod manufacturing concern. The firm expanded fast and at the present time maintains several branches. Joseph Igoe of late had been the director of the company's New York sales offices.

Surviving the deceased are his wife and two sons.

Burial, it has been learned will be made in a cemetery in the New York district.

### WOMAN WINS AWARD

(International News Service) PITTSBURGH, May 28.—Damages in the amount of \$28,000 were awarded Miss Marie Luginbuhl today in her common pleas court suit against William W. Collins, Jr., Edgeworth lawyer and socialite.

She based her suit on an automobile accident four years ago in which she said she suffered injury to her nervous system.

## Biddle To Seek \$10,000,000 For Relief In June

Funds Of State Emergency Relief Funds Are About Exhausted, Is Report

RELIEF BOARD TO MEET WEDNESDAY

(International News Service) HARRISBURG, May 28.—With funds of the State Emergency Relief Board again virtually exhausted, Eric H. Biddle, state emergency relief director, today made plans to go to Washington Tuesday to seek additional funds from Harry L. Hopkins, federal relief director.

While Biddle did not make public the specific request he will make of Hopkins, it was believed he will ask an additional \$10,000,000 to finance the state's relief program for June. The State Relief Board meets Wednesday to make county allocations for June.

Pinchot Turned Down Gov. Gifford Pinchot, during two visits in Washington to confer with Hopkins, unsuccessfully sought \$124,000,000 to finance a long range relief program until next February 1 when the legislature will be in session.

Because the administration's relief program is now pending before congress, Biddle indicated he will not renew the quest for such a large lump sum.

Pennsylvania was given \$10,000,000 by Hopkins for May relief, an amount that allowed continuation of direct relief and a partial redemption of LWD projects.

## Tighe Called To Washington

(International News Service) PITTSBURGH, May 28.—Answering the call of Senator Robert F. Wagner, chairman of the national labor board, officers of the Amalgamated Association of Iron, Steel and Tin Workers will leave here tonight for Washington to confer with the labor mediation chief concerning the threatened nation-wide "holiday" in the steel industry.

Speaking for M. F. Tighe, international president of the steel workers' union, Louis Leonard, secretary-treasurer, said this afternoon they had wired acceptance of Wagner's invitation and upon receipt of further information expected to be in Washington tomorrow as requested.

## Man Is Held For Extortion Plot

Kidnaping Plot Directed Against Maureen O'Sullivan, Movie Star Nipped

(International News Service) HOLLYWOOD, May 28.—Writing a swift finale to an alleged kidnaping plot directed against Maureen O'Sullivan, dark eyed Irish film actress, detectives today arrested Colum McConaster, 24, and booked him on investigation of suspicion of extortion.

McConaster said that he recently had arrived here from St. Louis. He admitted, detectives said, he had informed Miss O'Sullivan she was to be kidnaped in the hope that she would reward him for the information.

## Match Company Is Being Sued

Two Former Employees Of Federal Match Company File Damage Suits

(International News Service) BELLEFONTE, Pa., May 28.—Damages of \$150,000 were sought today in a suit filed against the Federal Match company by two former employees, Murray Connerby and Miss Elizabeth Kane of Bellefonte, charging they were stricken with phosphorus poisoning while working in the plant.

Declaring their health has become permanently impaired, the plaintiffs claimed they were compelled to give up their jobs in 1931 as a result of the alleged poisoning. A claim for compensation by Connerby has been disallowed by the workmen's compensation board.

## Longshoremen's Strike Resumed

(International News Service) BALTIMORE, May 28.—Two policemen were injured and five communists were arrested here today in a violent renewal of the long-standing longshoremen's strike.

The dispute originated when the communists called off workers engaged in unloading several barges and attempted to replace them with other men.

## FRENCH FLIERS MAKE LANDING AT NEW YORK

(Continued From Page One)

feet up. Airport officials in Maine at first said this was the trans-Atlantic plane, later decided it was a United States commercial craft and then said it might be Rossi and Codos.

Meanwhile, radio reports were to the effect that the trans-oceanic airmen were making hurriedly for Floyd Bennett airport, New York.

On top of these conflicting reports was a message picked up by radio here stating that the French fliers were in latitude 36 N. and longitude 63 W., which is off the Virginia Capes. This message was intercepted and was not clear as to the time.

Mechanical Difficulties New York, May 28.—Mechanical difficulties developing near the end of their victorious flight across the Atlantic today threatened to blast the hopes of Paul Codos and Maurice Rossi, French airmen, for a record-breaking non-stop flight from Paris to San Diego, Cal.

Unless the difficulties can be overcome, the fliers advised by wireless, they will be compelled to land at Floyd Bennett airport, New York's great municipal field on the outskirts of Brooklyn.

The following message was received from the fliers by the S. S. Champlain, French liner one day out of New York.

"Will proceed to New York and land unless certain difficulties are adjusted. Due at 10 E. D. T."

Some Discrepancy It was after 10 o'clock when this message was received at the headquarters of the French line here, however, and as the fliers had not been sighted in the New York vicinity during the morning, it was apparent some discrepancy in the time existed.

The nature of the difficulties referred to by the fliers was not known. Officials at Floyd Bennett airport, however, expressed belief they were not serious, basing their opinion largely on the fliers' own hope they might be able to overcome them and continue their flight without a stop to San Diego.

## Urges Control Board To Act

Secretary McSparran Urges State Milk Control Board To Head Of New Regulation

(International News Service) HARRISBURG, May 28.—Secretary of Agriculture John A. McSparran today wrote the milk control board, urging immediate action to "head off" new barn regulations which, he said, would cost farmers "hundreds of thousands of dollars."

Milk dealers recently promulgated new regulations setting certain standards for types of barns and equipment farmers must use in milk production.

"It seems to me that the control board can do no finer piece of work than to simply call a halt to the matter of barn regulations for the production of milk," McSparran wrote to Chairman Edward A. Stanford of the milk board.

"The question of barn regulations has gone entirely too far. The consuming public are not interested in the particular type of barn that anybody may use for the production of milk. A careful and cleanly dairyman will produce high grade milk with any sort of equipment."

McSparran pointed out that sediment, bacteria and butterfat tests now have eliminated the necessity for barn regulations.

## Would Increase Army And Build Fighting Planes

Rep. John J. McSwain, Of South Carolina, To Press For More Fighting Men

### ARMY AIR CORPS NEED NEW PLANES

By WILLIAM S. NEAL  
International News Service Staff Correspondent

WASHINGTON, May 28.—Declaring that the nation must be prepared to meet all foes, Rep. John J. McSwain (D) of South Carolina, chairman of the house military affairs committee, today announced he will seek \$120,000,000 from the new public works fund to expand the army.

Most of the money would be spent in building the army air force to a high point of evidence.

Program Mapped.

Although congress enacted a law in 1926 providing for 1,800 effective fighting airplanes, the army only has 300 planes ready for combat against a modern foe, he said.

His program would include: Construction of seven new army air bases, from which defense of continental United States could be directed.

Building of an adequate reserve supply of munitions for all branches.

Increase of enlisted personnel from 118,750 to 165,000 men.

While McSwain declined to reveal the location of the proposed army air bases, it is understood that military experts favor three on the Atlantic coast, three on the Pacific and one in Alaska.

Need More Planes.

"I want to build the air corps to 1,800 effective fighting planes," he said. "We have only about 300 combat or fighting planes. The rest are either antiquated, unfit or training planes. When congress enacted the five-year air program it did not intend to include training planes in the 1,800 quota."

The combined army, navy and

marine corps air forces, McSwain said, should equal any possible combination of invaders.

Would Increase Army.

The Thompson bill increasing the army to 165,000 men is favored partly as an unemployment relief measure, he said. In addition to 40,000 more enlisted men, 2,000 reserve officers would be called to duty.

The military affairs committee tomorrow will hear advocates of the Thompson bill increasing the regular army strength. Secretary of War Dem. General Douglas MacArthur, chief of staff, General Pershing and Newton D. Baker were invited to appear.

## High School Youths Play At Aliquippa

Five Musicians Take Part In Bandmasters' State-wide Affair There

Five Senior High School youths of New Castle played in the all-state high school band exercises in the auditorium of Aliquippa high school over the week end. Musicians from all over the commonwealth were there to participate.

Playing from here were Edward Candiote, Roger Pecano, Arthur Cresce, Elmer Gorman and Armando Ascone.

Dr. Edwin Franko Goldman, noted director of the Goldman band of New York, was guest conductor. He paid a high compliment to the participating musicians and told the audience, in his speech, that "music is not a luxury but a necessity." He said all schools should offer it.

Attending the musical affair from here were Mrs. Harry Jefferies and Mrs. Roy Sanderson who visited over the week end with their sister, Mrs. Earl Bechtel, now of Beaver, but formerly of New Castle. Mr. and Mrs. Bechtel's son, Earl, Jr., took part. He, together with the others that took part, were selected out of fifty districts to share the honor.

The music event was held under the auspices of the Pennsylvania Bandmasters' association.

## Millen Makes New Attempt To Break Jail

(International News Service)

DEDDHAM, Mass., May 28.—The ambition of Irving Millen, on trial for murder, to shoot his way out of jail was squelched once again today.

Irving, on trial with his brother Murton and Abe Faber for the killing of a policeman during the hold-up of the Needham Trust Company offered a prison trusty five thousand dollars for a revolver. The offer was contained in a note intercepted by state trooper Robert Smith.

Several weeks ago, Irving attempted, while exercising to seize the revolver of a state trooper. He was subdued after a vicious battle.

## PIONEER IN OIL INDUSTRY IS DEAD

GROVE CITY, May 28.—With the death Saturday, of David Karns, aged 92, of Grove City, R. F. D., one of the few survivors of the early oil excitement in Western Pennsylvania was removed. Karns worked on the first lease in the Oil Creek district, which was drilled in by steam.

He retired from the oil fields in 1877 and settled on a farm near Centertown, near here, where he has since resided. Surviving are two daughters, Mrs. J. W. Montgomery, of Grove City; and Mrs. Alice Montgomery, of Northeast; a son, Charles, at whose home he died; a brother, Andrew, of Clearfield county; six grandchildren, and six great grandchildren.

Funeral services were held this afternoon at 2 o'clock, with burial in the Amity Presbyterian cemetery.

## Steps From Behind Car; Escapes Injury

## Alabama Paper Tells Of Andersons' Golden Wedding

Fifty years of happily married life were celebrated in Axis, Alabama on May 22 by a former New Castle couple, Mr. and Mrs. Charles Anderson. Thirty four years ago Mr. and Mrs. Anderson went to Alabama and started a village which they called Axis.

In reporting the celebration of the golden jubilee the Mobile Press under date of May 22 has the following to say about the former New Castle couple.

A mile-post in a journey that they started 50 years ago will be reached by Mr. and Mrs. Charles Anderson today, when, surrounded by their children, grandchildren and numerous other relatives and friends, they celebrate their golden wedding anniversary at their home in Axis, Mobile county.

Coming to southern Alabama to build the sawmill, which operated for a number of years on the banks of Gunnsion creek, the Andersons precipitated an influx of prosperous northern farmers and retired northern business men, who were to erect attractive little homes and join in the development of the community.

They were leaders in the movement to build a church and are said to have been instrumental in the construction of the little brick Presbyterian church in the fragrant pine grove a short distance from their home. Mrs. Anderson was an organizer and is president of the Axis Ladies' club, which contributed largely to the church building fund and has been responsible for a large program of social and civic activities for many years.

They can't have another boom now. It takes time to grow a new crop of idiots who expect something for nothing.

Maybe nations are different, but men never get rich by making it hard to trade without another.

# BLAME OUTSIDERS FOR TOLEDO TROUBLE

## U. S. Agents Are Probing Reports

Communists And "Professional Labor Agitators" Are Being Hunted

BELIEVE STRIKE NEAR SETTLEMENT

(International News Service)  
TOLEDO, O., May 28.—While labor mediators worked with renewed hope of bringing about "a complete settlement" of the strike problem, a vigorous campaign was reported to have been launched here today to stamp out communists and "professional labor agitators" blamed for inflaming the riots that have bloodied the labor quarrel between workers and officials of the Electric Auto-Lite Co. plant.

Twenty department of justice men, it was reported, have been taken off the trail of John Dillinger, America's public enemy No. 1 and brought here to ferret out labor agitators responsible for inflaming the strikers in the city with the spirit of destructive riot.

**Blame Outside Agitators**  
The reported arrival of the department of justice agents followed assertions of officials of the Ohio National Guard, on duty at the strike scene, that outside labor agitators have been responsible for the riot conditions that already have resulted in two killings and more than 150 persons injured.

The National Guard officers, in blaming "outside unlawful elements" for the strike out breaks, expressed the attitude that bonafide striking employees at the Auto-Lite plant are "conducting themselves in an orderly manner."

New hope for a peace pact soon in the strike controversy at the Auto-Lite plant was seen today in the statement issued by the federal labor mediators, headed by Charles P. Taft of Cincinnati, that there is a "possibility of complete settlement."

**ELLWOOD LODGE WILL VISIT F. P. A.**

**UNPLEASANT STRIKE NEWS.**  
Heywood Brown, ardent supporter of union labor, of Socialist and other radical doctrines, sends this message from Toledo, Ohio:

"Half an hour before I got here, a crowd of strikers and strike-baiters caught a strike breaker and stripped him naked. Beaten and bruised and bloody, he was led through the principal streets—right past the police station, in fact—before anybody interfered."

A PHOTOGRAPH shows the naked strikebreaker, walking with bare feet at the head of a procession of strikers, compelled to lead them, while they mocked and laughed at him. The photograph also shows women and children, standing along the sidewalks.

UNION LABOR MEN who developed this idea will be told by their leaders that it is not helpful to union labor propaganda. Suppose employers should seize a union man, "strip him naked, and beaten and bloody," force him to lead a non-union procession through the streets. What effect would that have?

MR. BROWN SAYS that in spite of his radicalism, "still I want to get on the record my sympathy for the thin line of National Guardsmen."

The government may find it necessary to go farther than that, and "to get on the record" something very definite as to the right of the mob, even a mob sympathizing with labor unions, to throw bricks and glass bottles at soldiers, and strip naked and beat to a bloody condition a citizen who, not a union member, accepts a job on a non-union basis.

Mr. Brown also observed a small boy "throwing stones at the soldiers."

"Why are you throwing stones at the soldiers?" I asked him. "To help the strikers," stoutly enough.

"Yes, I objected, 'but mostly you're breaking the windows in that house over there. How about that?'"

"A scab lives there," he explained.

NOT MORE THAN one kind of government can operate successfully and peacefully in one country. Radicals say that we have had here, for a long time, a government of "organized money." If that be true, it worked fairly well and prosperously, while it lasted. If we are now to have a government of "organized labor," that should be officially announced and arrangements made accordingly for the new rule on a peaceful basis.

IN ADDITION TO THE "stripping naked" incident, one soldier was shot in Toledo, and two men bayoneted, three wounded by exploding gas shells, fires were set in various places, all bad news.

PARAGUAY, FIGHTING with Bolivia, declares that Bolivia is employing methods of terrorism, refuses to stop and so Paraguay tells the League of Nations Paraguay will no longer pay any attention to "rules of international law." This might mean killing prisoners, poisoning wells or anything else, although those that know the people of Paraguay know there will be no such brutality, nations in the "League" will express becoming horror convincingly, forgetting how eagerly they seized on the poison gas idea,

when that gas first came creeping over the trenches.

In war now, as it was twenty thousands years ago, there is no law except the law of brute strength.

THE FAST "STREAMLINE STAINLESS STEEL" Chicago, Burlington and Quincy train "Zephyr," controlled by a 660-horsepower eight cylinder Diesel engine, seeking to break the record between Denver and Chicago, reported yesterday afternoon ahead of its schedule of 1,017 miles in 13 hours.

The first 244 miles of the dash to Chicago was made in three hours, seven minutes. Excellent time now, but about half what it will be when the methods of antiquity and utilize new possibilities.

FOREIGN STEAMSHIP LINES with transatlantic travel dropping, because the dollar has fallen in Europe, tell passengers:

"Your dollar is as good on our ships as it is in the States." But Americans are staying at home as they have not done for years, and foreigners, taking advantage of the increased buying power of their money compared with dollars, are coming to visit this country in considerable numbers.

It is even suggested that we should organize some "local interest" attractions to draw visitors as in Europe many "old world attractions" are invented or revived especially for Americans.

WHEN YOU CLIMB Mt. Vesuvius, for instance, to watch a mild eruption, you pass the "Hermite's Cave" on the way to the crater. The hermit is there in full sight, and if you fail to take a financial interest in him he calls out indignantly in good French, he doesn't speak English, N'oubliez pas l'hermite du Vesuve, voyons—"Don't forget the hermit of Vesuvius."

It is suggested that a few Indians might pitch their tents in New York's Central Park with a cowboy or two in the bison enclosure. There are millions of Europeans who would see nothing strange in that, and never doubt its genuineness.

THE EPISCOPAL CHURCH seems not to agree entirely with the "thirteen thousand clergymen" that say they would not fight for this country under any circumstances, or sanction any war in which it might engage. Bishop Manning in New York refused a hearing to one who wanted to demand that the church "refuse to sanction any war declared by the United States."

Fortunately it is not necessary for any church to sanction any war decided by the United States, or any other of its acts to make it legal. The idea that government action must have the approval of any religious organization has not prevailed in this country since the Constitution was written. A good thing for the country, a good thing for religion.

THE YOUNG MEN, clergymen, college men and others, including forty-three per cent of Yale men questioned, who say they would not fight for their country, are mistaken. If a real war came they would be conscripted. If they didn't fight, some of them would be shot and the others would be put to work cleaning garbage cans, and sewers, which would probably suit them better than fighting, because it is safer, but it would not be pleasant. The clergymen, as is proper would be exempt, therefore they cannot be accused of cowardice.

## Ambassador's Home Is Fired Upon By Unknowns In Cuba

Police Situation In Havana Is Discussed At Meeting Of Cuban Cabinet

HAVANA, May 28.—A cabinet meeting lasted until early today discussing Cuba's difficult police situation as evidenced by the firing on the home of the American Ambassador Jefferson Caffery by unknown men in a speeding automobile.

While the cabinet meeting was in session two bombs exploded in the fashionable Vedado section.

Francisco Ortega, the soldier on guard at the embassy, who was wounded by the incendiary bullets, will recover.

After the meeting Secretary of State Crome De La Torre said the army and the police had been ordered to spare no efforts in apprehending the offenders in the "regrettable affair."

## Coyne Case Is In Final Stage

Government To Present New Evidence And Witnesses

HOTEL ROOM TAKES CENTER OF TRIAL

(International News Service)  
PITTSBURGH, May 28.—Firing its closing shots in the form of six new witnesses and evidence based on hotel and telephone call records, the federal government's attorneys prepared to rest their vote-fraud conspiracy case against Senator James J. Coyne and 11 others late today or tomorrow.

The new evidence was to be presented as the prosecution made further and final efforts to identify "conferees" with whom the senator is said to have talked on the night of November 8, 1932. Government attorneys contend it was on that night that he and his fellow-conspirators resorted to "night-riding" when the fear gripped them that "the entire Republican ticket was lost" in the Democratic landslide that swept President Roosevelt into office.

**Hotel Room Figures.**  
Government prosecutors have subpoenaed hotel records in one of their battles to show Coyne occupied a room in which the supposed conspiracy was hatched. Evidence from these papers was expected to be put into the record during the day.

New evidence in the form of telephone call records made from the room in which Coyne is said to have "presided" will also be brought into the case.

In addition to these bits of governmental material, six new witnesses were to take the stand to offer testimony on which the government hopes to implicate Alderman John J. Verona, political boss of the "Hill" district; state Representative P. J. Maloney, and other "Big" names in local politics.

Evidence of fraudulent markings on congressional ballots will be brought into the case shortly before its close when Maurice A. Meraberg, government hand writing expert, takes the stand. He has appeared in all of the previous vote fraud trial which grew out of a lengthy grand jury probe into alleged vote-sealing at the 1932 election.

**TWO MOTORISTS LOSE LICENSES**  
(International News Service)  
HARRISBURG, May 28.—During the week ending May 23, the bureau of highway patrol and safety withdrew the cards of 130 drivers. Of this number 52 were revoked and 78 suspended. Withdrawals were nine more than the preceding week. Operating privileges were restored to 90. Revocations the year to date total 1262 and suspensions 1418.

Among the motorists whose cards were revoked were: Frank McWilliams and Norman Giering, both of New Castle.

## Scout Leaders On Week End Outing

Leaders' Training Sessions Mark Second In Course Just Inaugurated

Fine weather and a good program combined to make the second week end Training Camp of the scout leaders at Camp Phillips over the week end, a very worthwhile occasion. The Crows and the Blackfeet broke pretty even in all-around proficiency this time, and many of the rough edges had been polished off since the last trip. In fact, the leaders themselves could enter any event and do a good job. The remaining activities in the course were covered pretty thoroughly and all the men seemed to have added to their knowledge of campcraft. Morning church service on Sunday was also attended by scouts from Ellwood troop 14, these boys being in camp over the week end under Messrs. McCurdy and Hancher. The men finished up their class work by three o'clock and went back to their various communities. They are now busy arranging for the different service jobs arranged for the Memorial Day exercises on Wednesday.

One of the engineers here says that the members of the madding crowd that makes him the "maddest" is he who sees a train approaching a crossing, runs a break-neck speed to get across the tracks ahead of it, then stands and watches by train roll by. Yes, engineers have their little agonies.

## Indians Take League Lead

Cleveland Tops Philadelphia As Yanks Lose To Browns In American League

## PIRATES UPSET GIANTS 7 TO 3

By GENE LAWRENCE

International News Service Sports Writer  
NEW YORK, May 28.—While Cleveland has taken first place in the American League away from the Yankees today by trimming the Athletics while the Yanks were taking a shellacking from the St. Louis Browns. The Indians do not appear to be New York's outstanding rival for the flag.

Washington, now going strong after a poor start due to the failure of their pitching staff to round into form in time for the opening game. Looms as a real threat to the Yanks. The champion Senators have won 7 out of 11 in the west. While New York has lost 8 out of 11 and Cleveland has won 7 out of 10 during their home stand.

Cleveland Ahead  
The A's scored five runs against Cleveland in the first inning yesterday but the Indians came right back with four in their half and finally won out, 7 to 6, on Hale's homer and Trosky's triple in the fifth.

The Browns fairly murdered the Yanks, 16 to 7. Knocking Red Ruffing out of the box and scoring 8 runs in the fourth inning when Bruce Campbell hit for the circuit with the bases jammed.

With a homer, double and two singles, Buddy Myer led the Senators to a 9 to 6 triumph over the White Sox. Detroit romped to an easy win over the Red Sox, 9 to 2. The Cards pulled one out of the fire against the Phillies, tying the score in the ninth and scoring three runs in the tenth to sew it up, 5 to 2.

Pirates Win  
St. Louis took second place in the National League race away from the Cubs, who were whitewashed 5 to 0 by Hick Betts of the Boston Braves. With Red Lucas yielding only 5 hits, the league-leading Pirates squeaked the Giants, 7 to 3. Van Mungo, fireball star of the Dodgers, hung up his fourth straight win, blanking Cincinnati 5 to 0.

## Boro A. C. Tops Clifton Flats

Game At Flats Field Goes To Boro 8 To 7, Pitcher Bigley Is Overcome

Boro A. C. took an exhibition game at the Clifton Flats field yesterday afternoon before a crowd of about 1,000 fans. Pitcher Bigley of the Boro team was overcome by the sun in the third inning and was relieved by DiMuccio, who held the Flats in check. The final score was 8 to 7.

The Boro had 14 hits off Martin and the Flats found Bigley and DiMuccio for 13 hits. Schas featured the hitting with a home run. C. Vaneman and Shaw had triples and Shaw also had three doubles. P. Ryan and F. VanEman also hit doubles.

The summary:

	R.	H.	P.	A.	E.
Boro A. C.	8	14	27	14	2
Clifton Flats	7	13	27	14	4

## McLarnin-Ross Battle Tonight

Welterweight Championship At Stake Tonight In Battle At New York Garden

By DAVIS J. WALSH

International News Service Sports Editor

NEW YORK, May 28.—Jimmy McLarnin, the Irish shillalah with the face of a cherub and the punch of an assassin, and Barney Ross, a deceptively mild Jewish boy from Chicago's frantic sidewalks, will meet tonight at fifteen rounds in the Garden Bowl for the welterweight championship of the world, while the Cohens and the Kellys put on an old-time revel. The fight is expected to do business with 60,000 people. Because of the Cohens and Kellys, there being so many of them, and altogether it will be a revival of times that are gone and fights that are forgotten.

Nothing like it. In fact, has happened around here in years. The Cohens used to go hopefully out to see McLarnin pole-axe the Terrises. The Goldsteins, the Singers and the Glucks. While the Kellys cheered with abandon and gusto.

But in time the Cohens worried. It was too one-sided. The Kellys had all the fun. McLarnin always finished on his feet and the other guy on his fender. But this it seems is to be different. It's to be McLarnin, out of action for a year, defending his title for the first time against the man who is hailed as the greatest Jewish Lightweight champion, since Leonard Ross, in other words, has never been on his fender.

McLarnin Favored.

It may be significant that the last hook up of this kind featured Leonard and Jack Britton. Although personally I don't see the connection. Leonard and Britton, great fighters in their respective classes, had been most active right up to their meeting. McLarnin has not. He's had less than a round for two years. He's been out altogether for a year. I can't seem to forget that Dempsey was out for three years in Philadelphia and that Tunney went over him like an estimate.

Nevertheless, so impressive is a man's past plus his natural advantage in weight, strength and the punch that the betting odds have switched from 6-5 on Ross to 6-5 on McLarnin. Of course, the 6-5 on Ross was a phoney, too, except for the pardonable enthusiasm of the Cohens who naturally are all agog over a Jewish lightweight who can fight. Ross doesn't figure in this spot. If McLarnin is right, however, there is a fair chance that McLarnin will be wrong.

## West Pittsburgh Tops Hillsville

Braykovich And Rylyott Hold Hillsville To Five Hits, Score 21 To 3

West Pittsburgh walloped Hillsville, 21 to 3, yesterday afternoon at the West Pittsburgh field. Rylyott and Braykovich held the Hillsville team to five hits and three runs. West Pittsburgh Garlands had 16 hits and 21 runs.

West Pittsburgh bunched hits in the third, fourth and eighth to score 17 of their runs. J. Braykovich, Marshall, Fundoots and J. Peje had extra base hits in the lopsided game.

## Chest Drive To Continue Until Quota Is Raised

Close Of Second Week Saturday Shows Only \$15,000 In Community Chest

ELLWOOD CITY, May 28.—The close of the second week of Ellwood's annual Community Chest drive found it still \$7,500 from its goal when only \$500 was raised on Saturday bringing the total to \$15,000.

Chest officials are more than ever determined now to see the drive brought to a successful close. They will see that every possible resource is extended to put the drive over the top and save the morale and welfare of the city.

Failure of the drive will in all probability see the closing of the Ellwood City hospital and collapse of that wonderful relief organization, the Community Service League. Also the result will give children more tendencies to become criminals when the boy and girl scout organizations will be unable to properly function.

## Margaret Vogt Weds Ross S. Nye

ELLWOOD CITY, May 28.—A pretty wedding was solemnized this morning at nine o'clock in the St. Agatha Catholic church when Miss Margaret A. Vogt, daughter of Mr. and Mrs. George I. Vogt of Crescent avenue, became the bride of Ross S. Nye, son of Mr. and Mrs. Richard P. Nye of Franklin avenue. Rev. Fr. R. D. Wilkey performed the ceremony in the presence of many friends.

The bride was charmingly attired in a blue silk crepe ensemble with corresponding accessories. She wore a pretty corsage of white roses and baby breath.

They chose as their attendants Mr. and Mrs. C. L. Vogt of this city, brother and sister-in-law of the bride.

Immediately following the ceremony a wedding breakfast was served to members of the bridal party and members of their immediate families at the home of Mr. and Mrs. George Vogt. Covers were arranged for 30 at a beautifully appointed table, centered with a large tiered wedding cake.

Mr. and Mrs. Nye are popular members of the younger set of this city, the latter graduating with the local class of '32 and the groom with the '27 class, and is now employed at the National Tube Company.

Dispensing with a wedding trip, they will be "at home" to their friends on Crescent avenue.

## Plan For Annual County Convention

ELLWOOD CITY, May 28.—At a meeting of the district officers and representatives of the Sabbath schools of the Ellwood district held yesterday, plans were made to have "boosters" unit in each school in the district next Sunday to announce the 96th annual county convention, which is to be held in the First Presbyterian church on June 14.

There will be morning, afternoon and evening sessions. About 300 delegates and visitors are expected to be present. At the afternoon session the women's adult classes are invited to attend and sit in a body, and the men's adult classes are invited as special guests for the evening session.

Beautiful awards will be presented to the classes having the best percentage of attendance. Prominent speakers have been secured.

## Poppy Day Sale Is Success In Ellwood

Local Citizens Purchase 3700 Poppies To Aid Disabled Veterans On Saturday

ELLWOOD CITY, May 28.—Disabled veterans were given some material financial aid Saturday when the American Legion Auxiliary held its annual Poppy Day sale here.

Over 3700 poppies were sold by 31 high school girls and five captains. The girls were out in the street bright and early Saturday morning to display their sales ability. They had no difficulty for the local citizens responded cheerfully to the cause.

Mrs. David W. Stinson who was general chairman of the affair reported that the result was very gratifying.

In the evening all the girls and captains were given a supper in the Legion rooms by the auxiliary. This was in charge of Mrs. Frank Lemery and her committee.

Esther Elholtz won the first prize for selling the most poppies. Other prizes were won by Olive Louise Smith, Dorothy Fritalski, and Margaret Fehl. Mrs. Stinson and the auxiliary are very grateful to the girls and general public for their cheerful and ready cooperation.

## Two Small Fires Over Week End Here

Little Damage Results From Fires Saturday And Sunday Afternoon

City firemen answered two alarms over the week-end occasioned by small fires.

At 3:35 Saturday afternoon, they were called to the home of Grant Shoaff, rear 610 Crocker avenue, where a defective chimney had started a blaze underneath the roof. The damage was approximately \$25.

At 3:55 Sunday afternoon, children playing in an old barn on the property of John C. McMillen, rear North Liberty street, started a small fire, which was quickly extinguished by Seventh ward firemen with practically no damage.

## Ellwood Trims Ambridge Nine

Shelby Team Retains League Lead With 11-5 Victory Saturday Afternoon

ELLWOOD CITY, May 28.—Shelby Social club baseball team continued to set the pace in the Beaver county league Saturday at Ambridge when they trimmed the P. J. Caults 11-5 in a hard-fought game.

In view of their showing to date it is apparent that the Shelby team is never vanquished until the last inning. Once again they staged one of their characteristic last moment rallies to win decisively after the score had been deadlocked at 5-5 at the end of the seventh inning. The Tubers scored four runs in the eighth and two in the ninth inning while holding their opponents scoreless.

Manager Mark Jamieson's Shelby players garnered 16 hits from Nydock. Greco and Gunnett yielded a total of 10 hits. The latter pitched the last two innings. A feature of the game was a home run by Sam Nydock. There was also some heavy hitting by Dallenbach and Volpe.

## Depositors Aid Relief Bill Has Run Into Delay

(International News Service) WASHINGTON, May 28.—A bitter fight over provisions of the administration bill extending the temporary bank deposit insurance fund today threatened to delay congressional action on the Steagall-Brown bank deposit relief amendment, approved by the House.

The measure, which passed the House with the amendment making possible the "thawing" of \$1,000,000,000 of closed bank deposits, was expected to remain in conference several days.

House addition of a provision limiting the requirement that state banks must join the federal reserve system to remain in the permanent guaranty fund was expected to be fought by Senator Glass (D) of Virginia.

**Stumbling Block**  
The provision increasing the amount of deposits insured under the temporary plan from \$2,500 to \$5,000 also was expected to be a stumbling block.

The measure postpones the effective date of the permanent deposit insurance system until July 1, 1935.

Meantime Representative McLeod (R) of Michigan sought seven more signatures to a petition to force a vote of his 100 per cent depositors' pay-off bill.

## Aiken School Classes Have Picnic At Park

Two Classes Enjoy Afternoon Picnic At Gaston Park On Saturday

Members of the 4-A and 5-B classes of Aiken school held a very delightful picnic at Gaston Park Saturday afternoon. They had as their guests of honor the children who had received merit marks in vocal music during the past semester.

## SPYING ON SPORTS

A fellow who looks just like his name is Louie Meyer—which means he doesn't look at all like the popular conception of an auto race driver.

Yet Louie is the top man of the speedway sport—and don't you forget it. Louie's just a pleasant-looking young man, with tousled hair and premature crow's feet radiating from narrowed but smiling eyes—the result of squinting down thousands of miles of speedway leaping at him at better than 100 miles an hour.

The broad-shouldered, Gallic figure of a Leon Dury, the handsome features of a Tony Gullotta, the laughing look of recklessness of a Phil Shafer—that's your picture and mine of a race driver.

But it's Lap and Leave 'Em Louie who wins the races. Young Mister Meyer is going to try for a third Indianapolis speedway victory come Memorial Day.

When most of us are going to be taking our ease, May 30, in the luxury of a one day vacation, Louie will be on the job trying to make it three. He's the only man in the world, right now, who by duck of the Declaration Day can have won three races on the huge Hoosier saucer, which is the world series—sawyerweight title bout—Army-Navy game of the speedway sport.

Only one other man won two races—Tommy Milton—and he'll never race again. So, if it's anyone whose going to make it three, it's Louie.

When Louie cracked through with his victory in 1928 the speedway folk still failed to take him too seriously. Kids before had come through to run down the old heads of the game to win a race by sheer breath-taking, dare-devil-try and then soon vanished into retirement like George Souders, or died under the mangled remains of their racing machine like Frank Lockhart.

But Louie fooled them all. He went on to win the American Declaration Day title three times, the Indianapolis race again last year and is fresh from two important wins on the Pacific coast—at Ascot and Oakland, Cal.

If Louie wins May 30 it will be an extra special joy for him, for this year Two-Mile-a-Minute Meyer will be driving a car of his own construction, built in his own small garage behind his home in South Gate, Cal.

South Gate—that sounds like a great place to live. The name makes one think of bright bricks and green shutters and, maybe, ivy with the works overlooking a stretch of sparkling water. And it's a pretty good bet that Mrs. Meyer would have some yellow and red roses growing somewhere not far from that house.

And out of such a pleasant prospect may have come the steel-lunged steed destined to ride through the roar of Memorial Day's big race to victory.

"May?" Maybe the words should read "probably has", for the chap at the wheel of that home-made mile burner will be Lapping Louie, the fellow who doesn't look like a race driver but is one—and, as folks used to say, how!

## Cunningham A. C. Defeats Unions

Cunningham A. C. of the National division of the Lawrence County softball association defeated the Unions of the American league yesterday at Gaston Park field 16 to 8.

The Unions are the league leaders in their division. Small held the Unions in check with nine hits while the Cunninghams pounded Al Ritchie and Ingram for 17 hits. Kulich featured the game by hitting a home run. Extra-base hits were smashed out by J. Jones, Pezzone, D. Jones, Uram and Testa.

Score by innings:  
R. H. E.  
Union.....012 500 00-8 9 5  
Cunn's.....520 234 00-16 17 6  
Batteries: Cunningham A. C., Small and Mike; Unions: Ritchie, Ingram and Merando.

## Plan Curtailment Of Amunitions To Warring Nations

(International News Service) WASHINGTON, May 28.—The United States this week may lead the world in a move to end the war between Paraguay and Bolivia by curtailing their supply of munitions.

The joint resolution passed by congress last week empowering the president to prohibit the sale of American munitions to the Belligerents, will be sent to the White House today. A proclamation to make it effective already is awaiting President Roosevelt's signature.

## HERE AND THERE IN SPORTS' LAND

Polish Nationals are reported to have claimed a forfeit victory over Mahoning A. A. yesterday when Mahoning did not appear on the field but it is probable that the Polish Nationals will have a change of heart when they learn the circumstances which prevented Mahoning's appearance. Officials of the 1933 champs tried Saturday, they report, to locate some of the Nationals so the game could be called off as all members of the Mahoning A. A. were to be taken as members yesterday into the Columbus society. The boys could not locate the Nationals and could not leave the society rooms yesterday in time to play. The Mahoning A. A. has asked that an apology to the fans be made. They said it was not a deliberate attempt to escape the game and it is probable the Polish Nationals when they understand the case will refuse to accept the victory and play the game.

Although Primo Carnera and Maxie Baer are training for their heavyweight championship duel all eyes will be centered tonight on the Barney Ross-Jimmy McLarin bout in New York. Both are popular with the fans and if it is a good scrap and it ought to be, it will do much to stimulate boxing which has lost some of its appeal during the last year owing to the depression and the absence of new faces among the topnotchers.

Laurel Fort Hunt club of Clarksburg, W. Va., will try out something new on the night of May 20. They will hold a night fox hunt.

A hick town is a place where a rascal joins the church instead of fixing the police.

But freedom isn't so pleasant when it makes you a ragged individualist.

FRANK (Fleetwing) Dewberry isn't worrying about whether a new car is built or not but he does object when some one tries to show this project won't increase taxes. If Frank decided to build a new house for himself, which is the last thought in his head as he has too much money now, he knows damn well it would increase his expenditures. Let's get sane while we have a chance because we don't know what's before us and it looks like the road ahead has plenty of detour signs. And in the mean time fill up with that good old Fleetwing gas and buy a set of Dayton tires so you will enjoy your Memorial Day trip in peace. 11-6-6

## Market Trading Is Light Today

With Grain Prices Continuing To Soar, Market Moves Up Fractionally.

## RAILROAD SHARES ARE IN DEMAND

(International News Service)

NEW YORK, May 28.—With grain prices continuing to soar the stock market moved up from fractions to 2 points in light trading today.

Offerings were lacking in the forenoon and the advances in most cases were scored on a turnover of a few hundred shares.

Gold shares turned active under the leadership of Alaska Juneau and Dome mines both of which gained about a point. The activity and strength in the gold mining shares came in the face of a strong dollar which moved up to a new high on the recovery.

Railroad shares also were in demand with New York Central, Atchafalpa, Union Pacific, Lackawanna and others being taken at advancing prices.

Dupont was strong among the chemicals advancing more than a point. Allied Chemical got up about 2 points.

Despite the indications of a further recession in operations, the steel shares moved up a point. Bethlehem advanced nearly a point.

The continued lack of rain had a beneficial influence on wheat prices which jumped from 1 1/2 to 2 cents a bushel in early trading. Cotton and silver, though, ruled slightly lower.

## Allright To Marry Boss' Stenographer

Professor Who Once Gave Advice Finds Himself On Other Side Of Fence

(International News Service)

PITTSBURGH—Five years ago, Professor Robert Rogers told a group of his students at Massachusetts Institute of Technology that they should be snobs and "marry the boss' daughter."

Today, however, what with depressions, hard times and similar factors, Rogers is almost convinced that his advice was all wrong. In this day and age, the professor thinks it is better that the youth marry the boss' stenographer.

Once more, the professor finds himself on the opposite side of the fence.

An inquiring reporter, seeking to extend his knowledge on the question, sought out a group of co-eds on the University of Pittsburgh campus.

Ruth Bowser, president of the campus Women's Self-Government association, and one of the most popular co-eds on the campus, asserted:

"A fellow should marry the boss' daughter if she is stupid enough to appreciate him."

This is in direct conflict with the educator's latest statement advising the graduate to look for a stenographer who has a job and knows how to cope with the depression.

Another angle on the question was brought out by Helen Braun in the following:

"Stenographers have the pick of men rather than the boss' son, having the pick of stenographers."

Another co-ed, Lois Milliken, said that if the graduate is looking for an income he'd better marry the stenographer.

The president of Delta Delta, Virginia Sepp, maintained that the character of the girl should determine the match and not her position in society or commerce.

But all of the very comely co-eds insist on one thing and agree on it. This is:

"Snobs are a thing of the past."

According to Roger's theory, however, that is a result of the unsettled conditions brought about by the depression. He contends that when it is over and things once more settle down, a new crop of snobs will appear.

## Slightly Injured When Car Overtakes

Clarence Lesh, Of R. F. D., No. 5, Escapes Serious Injury This Morning

Clarence Lesh, of R. F. D. No. 5, was brought to the Jameson Memorial hospital about 5:30 this morning, suffering from shock following an automobile accident near Highland Heights, but after an examination, was able to leave the hospital.

At the hospital, it was stated that Lesh's car had overturned several times, when it left the road shortly after midnight. After the accident, he went to get some friends to help him right the car, and while they were working on the machine, Lesh disappeared. He was found walking toward the city, and was brought to the hospital. He did not stay, however.

# Predict Passage Of Stock Measure

Administration Leaders Confident That Stock Control Bill Will Be Passed

(International News Service) WASHINGTON, May 28.—Administration leaders today predicted final passage of the stock market bill this week.

They declared both houses are ready to ratify the conference report on the measure, designed to prevent recurrence of the speculative mania that produced the 1929 stock market collapse.

Ratification of the reports will mean President Roosevelt will determine whether there shall be strict or lax enforcement of stock exchange regulations, for the bill gives him the power to appoint the independent commission of five members to control the stock market.

## Bishop Leonard Discusses War

Speaks To Large Crowd At Anti-War Rally On Sunday Afternoon

SAYS PRESS GREAT POWER FOR PEACE

Six "possible cures" which may blow war clouds away forever were suggested before an audience of 1,000 New Castle residents yesterday by Bishop Adina Wright Leonard of the Methodist Episcopal church, who came here to speak on the "Causes and Cure of War" at a public anti-war rally held under the auspices of the Lawrence county unit of the Cause and Cure of War.

How To Avert War Speaking before the large body of citizenry in the First M. E. church, the bishop declared that these six stir genuine hope within him:

First: The United States should announce to the world that it is neutral and will remain neutral should war commence.

Second: The country should never again make possible long-term loans and short-term credits to foreign nations.

Third: Compulsory military training in our state schools should be eliminated.

Fourth: Citizens entering foreign lands should do so at their own

"risk" and not depend on the U. S. for their protection.

Fifth: The powerful press should launch an effective anti-war propaganda.

Sixth: Religion, as it is expressed by all faiths and ministries, is the greatest hope.

Press Has Power

"The press," Bishop Leonard asserted emphatically, "has the greatest responsibility in this matter of preventing war. There are brave men representing newspapers, they bear the great responsibility."

"If the press is strong enough to become one of the most powerful instruments in the repeal of a constitutional amendment, the 18th, then it is certainly as powerful to create within the minds and hearts of men a burning demand for world peace."

Bishop Leonard, placing much of the responsibility for the repeal of the 18th amendment upon the press and three or four "powerful personalities," declared he was hopeful "that this mighty force will be turned toward the building the mind of the nation and of the world for peace."

Religion Greater While he termed the press as powerful and mighty, he characterized the last, religion, as even greater.

Citing the general causes of all wars, he said that religious differences, dynasties, political parties or movements and economic situations could be considered responsible.

Unrest in the Orient and in Europe were recalled during the scholarly address and the activities of private munition firms were scored. "We are daily spending money for armaments while our men and women go hungry for bread," the Methodist leader said, regretfully, as he told of the excesses to which even our country is going to provide defense.

The bishop was introduced by Attorney W. Walter Braham, the meeting's chairman. Participating in the worship exercises were Rev. C. S. Joshua of the Croton M. E. church; Dr. P. C. Pearson of Trinity church; Dr. J. A. Galbraith of the Epworth; and Dr. Norris A. White, pastor of the host church.

## Open Bids For Street Material

Resurfacing Material Bids Read Before City Council Today

Council convened in city hall today and opened bids for 10,000 tons more or less of resurfacing material. After the bids were read they were referred to Streets Director Butler, Purchasing Agent Alexander and Engineer Hoskins. It is proposed to resurface streets and alleys and property owners will do the work under the supervision of the city engineer and street department superintendent, Carmi Glover.

The bids were as follows: Mahoning Valley Sand company, \$4.75 per ton. Trumbull Construction company, \$3.75 per ton. Pittsburgh Asphaltic Products company, \$8.58 per ton. Interstate Amiesite Co., Inc., \$5.08 per ton. Standard Slag company, \$5.85 per ton. Ohio Road Improvement company, \$7.88 per ton.

The material is to be delivered on the job.

What's the difference? If times improve and values go up and you take your profit, the tax man will leave you no more than you have now.

## Two Youths Are Drowning Victims

Youth Goes To Rescue Of Drowning Friend And Loses Own Life Near Bridgeton, N. J.

(International News Service) BRIDGETON, N. J., May 28.—Two boys were dead today from drowning, although one battled valiantly to save his chum, only to perish in the waters of the Cohansey river.

Alexander Parson, 9, was swinging from a rope over the stream when it broke and hurled him into the water. His playmate, Edward Davis, 11, bravely dived in after the drowning boy, but being unable to swim well, sank quickly. Police recovered the bodies with grappling irons.

## TRAINED BULLS HELP SMUGGLERS

BELFAST—Feroocious bulls, trained to attack strangers, are the novel "weapons" used by smugglers in illegally transporting cattle from the Irish Free State into Northern Ireland.

Constable Rooney of the Customs Patrol at Newton-Butler related today that, when he was inspecting a herd on the north side of the border, he was forced to dive into a river to save himself from a fatal goring by one of the trained bulls. Smuggling of livestock into Northern Ireland has been carried on a large scale ever since the British and Irish Free State tariff war began. Stock can be sent to England from Northern Ireland without payment of duty.

## Japan's National War Hero Is Near Death, Is Report

Admiral Togo, 88, Is Near Death From Cancer Of Throat And Bronchitis

(International News Service) TOKYO, May 28.—Admiral Heihachiro Togo, Japan's national hero, was nearing death today in his 88th year, because of his anxiety to pay proper homage to his emperor on the

29th anniversary of his great victory over the Russian fleet, which was yesterday.

No hope is held for his recovery. His cancer of the throat is now complicated by bronchitis and he also suffers from gall stones.

For the past several days he insisted on getting out of bed and practicing the bow he would make toward the palace when the emperor left it to attend the celebration of the admiral's victory at which he himself would be unable to be present.

Canada's Mackenzie river, flowing into the Arctic, is 2500 miles in length.
